Re: Kane County Division of Transportation (Kane County)
Longmeadow Parkway – Fox River, Tributaries to the Fox River and Unnamed Wetlands
Log # C-0396-14 [CoE appl. # 2013-00839]

To Interested Parties:

Thank you for submitting comments on the Kane County Division of Transportation Longmeadow Parkway project. As you know, this Agency has been requested to issue a Section 401 water quality certification. The Agency reviewed and considered the comments and hearing requests from the public and has decided not to hold a public hearing on this matter. The Agency, however, will be providing responses to the comments received in a fact sheet available on the Agency's website at: http://www.epa.illinois.gov/public-notices/index.

Thank you for your interest in the project. The Agency has reviewed the comments received and the application for 401 Water Quality Certification. Based on this review we have issued the 401 Water Quality Certification for the proposed project. This certification requires that the construction of this project must not violate state water quality standards.

Sincerely,

Alan Keller

Alan Keller, P.E.
Manager, Permit Section
Division of Water Pollution Control
