

Permits Issued by Illinois EPA's Bureau of Air for CAAPP Source

FACILITY TYPE	PERMITTEES	PERMIT TYPES	DEADLINES ¹	PUBLIC HEARING REQUIRED?	PUBLIC NOTICE REQUIRED?	CALENDAR YEAR 2016		
						Applications Received	Permits Issued	How long did it usually take? ²
Major Sources of Air Pollution: Sources that emit or have the potential to emit the threshold level or more as specified in Section 39.5(2) of the Illinois Environmental Protection Act (i.e., CO, NOx, PM10, SO2 and/or VOM ≥ 100 tons/year, ≥ 10 tons/year of any single Hazardous Air Pollutant (HAP), ≥ 25 tons/year of any combination of HAPs, or Green House Gases (GHG) ≥ 100,000 tons CO2e/year). The types of facilities varies across many industry sectors.	The owner or operator of the emission source or air pollution control equipment	Minor Construction permits ³	90 Days	No	No	233	244	9.8
		Synthetic Minor Construction permits ⁴	180 Days	No ⁵	Yes			
		Major Construction permits (i.e., Prevention of Significant Deterioration (PSD) and Nonattainment New Source Review) ⁶	180 Days	No ⁵	Yes			
		Operating permits ⁷	24 Months ⁸	No ⁵	Yes ⁹	3	5	95.7
		Significant Modifications ¹⁰	9 Months ¹¹	No ⁵	Yes ⁹	20	14	39.4
		Minor Permit Modifications ¹²	90 Days or 15 Days after the end of USEPA's 45-day review period ¹³	No	No ¹⁴	27	17	38
		Administrative Permit Amendments ¹⁵	60 Days	No	No	59	76	N/A
		Renewal Operating Permits	18 Months ¹⁶	No ⁵	Yes ⁹	27	73	35.4

1. Number of days, after receipt of the permit application, by which the Agency must be ready to take final action.
2. Average number of days from the date the Agency received all information necessary for the issuance of the permit until the date the Agency issued the permit. This date was determined based on the date the permit analyst completed technical review of the application.
3. Permits allowing the construction of new emission units and/or modification of existing emission units or sources.
4. Permits allowing the construction of new emission units and/or modification of existing emission units or sources where federally enforceable emission limitations are necessary to avoid triggering PSD or Nonattainment NSR requirements.
5. Public hearings will be held at the discretion of the Director of Illinois EPA based on the criteria in 35 Ill. Adm. Code Part 252 .
6. Permits allowing the construction of a new major source of air pollution or a major modification of an existing major source.
7. Applications for the initial CAAPP operating permit.
8. Timeframe specified in Section 39.5(5)(j)(ii) of the Act.
9. In addition to a 30 day public notice and comment period, these permits will also require a 45 day USEPA comment period.
10. A significant modification shall be used for applications requesting significant permit modification and for those applications that do not qualify for either minor permit modifications or as administrative permit amendments.
11. Timeframe specified in Section 39.5(14)(c)(iii) of the Act.
12. A minor permit modification shall be used for applications requesting permit modifications described in Section 39.5(14)(a)(i) of the Act.
13. Timeframe specified in Section 39.5(14)(a)(v) of the Act.
14. No 30 day public notice and comment period, but these permits will require a 45 day USEPA comment period.
15. An administrative permit amendment shall be used for applications requesting permit revisions described in Section 39.5(13)(c) of the Act.
16. Timeframe specified in Section 39.5(5)(j) of the Act.
