ALEC MESSINA, ACTING DIRECTOR

Site: 0390055036/DeWitt County
Clinton/Clinton Landfill 3

Sampling Date: July 27, 2016

Description of sampling: Groundwater samples were collected by personnel from the Illinois EPA and PDC Technical Services. The samples were split for analysis by each party.

Monitoring wells sampled: G05M, G16M, G39M, and G09D

Laboratories performing analysis: Illinois EPA samples were analyzed by Illinois EPA's in-house laboratory. PDC Technical Services samples were analyzed by PDC Laboratories.

Sampling results: No discrepancies between the samples were noted. The relative percent difference between the sample results were within acceptable ranges. Copies of the sample results are attached, along with a table comparing the results and their relative percent difference (RPD).

Clinton Landfill is required to address any increases over permitted constituent concentrations observed in its own data set in accordance with §§VIII.14–15 of its permit and §811.319(a)(4) of the regulations.
