Re: Withdrawal of Applications
Capital Resources Development Company, L.L.C.
North Canton Mine
Fulton County
NPDES Permit No.IL0078221
401 Water Quality Certification IEPA Log No.C-0611-06 (CoE appl. #: 2006-1111)

The Illinois EPA has received letters from Capital Resources Development Company, L.L.C., withdrawing the pending applications for the North Canton Mine for an NPDES permit and for a water quality certification under Section 401 of the federal Clean Water Act. Hearings in these two matters were held on December 6, 2011 at the Donaldson Center in Canton, Illinois.

Since these applications have been withdrawn, no further actions will occur on the applications and responsiveness summaries will not be prepared in either of these two proceedings. Any future applications for this site would be considered new applications by the Illinois EPA and would be subject to the review and public notice requirements of applicable federal and state regulations.

Thank you for your interest in these important matters.

Sincerely,

A handwritten signature in blue ink that reads "Dean Studer".
