Name and Address of Discharger:

Illinois Central Railroad
100 Cook Avenue
Fulton, Kentucky 42041

Name and Address of Facility:

Illinois Central Railroad
601 South Duquoin Street
Benton, Illinois 62812
(Franklin County)

The Illinois Environmental Protection Agency (IEPA) has made a tentative determination to terminate the NPDES permit for the above named discharger.

Discharge no(s):	001
Type of Waste:	Stormwater Runoff
Flow Rate:	Intermittent Discharge
Classification:	General Use
Receiving Waters:	Unnamed Tributary to Big Muddy River

The Agency intends to terminate the permit because the Agency received a letter stating the fueling at this facility has not been in service for the past ten years. The fueling storage tanks, sand tower, pumps etc. was abandoned, all lines cleaned, purged and sealed in May 2011.

Interested persons are invited to submit written comments to the IEPA at the above address. The NPDES permit and notice number(s) must appear on each comment page. Any interested person may submit a written request for a public hearing, stating his or her name and address, the nature of the issues proposed to be raised and the evidence proposed to be presented with regards to those issues.

The application, Public Notice/Fact Sheet, comments received, and other documents are available for inspection and may be copied at the IEPA between 9:30 a.m. and 3:30 p.m. Monday through Friday.

All comments on the intended termination of the permit and requests for hearing must be received by the IEPA not later than 30 days from the date of this publication. If written comments or requests indicate a significant degree of public interest, the permitting authority may, at its discretion, hold a public hearing. Public notice will be given 45 days before any public hearing. For further information call the Public Notice Clerk at 217/782-0610.
