## **PUBLIC NOTICE HAZARDOUS WASTE MANAGEMENT PERMIT MODIFICATION**

The Illinois Environmental Protection Agency (EPA) and U.S. EPA hereby give notice of intent to modify a Resource Conservation and Recovery Act (RCRA) permit held by the Safety-Kleen Dolton Recycle Center in Dolton, Illinois. The facility's mailing address is 633 East 138<sup>th</sup> Street, Dolton, Illinois 60419. This permit modification would allow Safety-Kleen to add a metal wash unit and dehydrator unit to replace the existing rolling ring mill unit. The Illinois EPA is authorized to administer the federal RCRA program in Illinois; however, U.S. EPA retains authority to administer specific regulations including those that are newly promulgated.

Anyone interested is invited to review the permit application, draft permit decision and summary fact sheet at the following location:

Dolton Public Library  
14037 Lincoln Avenue  
Dolton, IL 60419

Anyone may submit written comments on the permit decision documents during the 45-day comment period. Send comments on the Illinois EPA portion of the draft permit to the Public Involvement Coordinator listed at the end of this Notice; send comments on the U.S.EPA portion of the draft permit to the U.S. EPA contact listed there. Comments must be postmarked by midnight **April 29, 2013**. In response to public requests or at the discretion of the Agencies, a public hearing can be held to clarify one or more issues concerning the draft permit decision. A request for a public hearing must be made in writing and must state the nature of the issue(s) to be raised at the hearing; written requests should be sent to the Illinois EPA Public Involvement Coordinator. Public notice will be issued 45 days before any hearing.

All comments submitted will become part of the Administrative Record and will be evaluated by the Agencies in making the final permit decision. The Agencies will respond to comments on the draft permit decision, and indicate whether additional documents have been included in the Administrative Record. Anyone who submits written comments will be notified of the final permit decision and the permit decision appeal process.

The permit application, draft permit decision, related information and all data submitted by the applicant, as part of the Administrative Record, are now available for public inspection by appointment only Monday through Friday between 9:00 a.m. and 5:00 p.m. Please telephone the Coordinator listed below (217/524-3288) for an appointment to view the documents at Illinois EPA's Springfield office:
