Name and Address of Discharger:

Commonwealth Edison Environmental Services
Three Lincoln Centre
3rd Floor
Oakbrook Terrace, Illinois 60181

Name and Address of Facility:

Commonwealth Edison Environmental Services
Rockford Commercial Former Manufactured Gas Plant
300 South Avon Street
Rockford, Illinois 61102
(Winnebago County)

The Illinois Environmental Protection Agency (IEPA) has made a tentative determination to terminate the NPDES permit for the above named discharger.

Discharge no(s): 001
Type of Waste: Remediation Dewatering Discharges
Flow Rate: 0.8 MGD
Classification: General Use
Receiving Waters: North Fork Kent Creek

The Agency intends to terminate the permit because the groundwater treatment plant was shut down November 22, 2013, thereby eliminating the discharge. The discharge was only intended to be temporary while dewatering of the remediation excavation was necessary.

Interested persons are invited to submit written comments to the IEPA at the above address. The NPDES permit and notice number(s) must appear on each comment page. Any interested person may submit a written request for a public hearing, stating his or her name and address, the nature of the issues proposed to be raised and the evidence proposed to be presented with regards to those issues.

The application, Public Notice/Fact Sheet, comments received, and other documents are available for inspection and may be copied at the IEPA between 9:30 a.m. and 3:30 p.m. Monday through Friday.

All comments on the intended termination of the permit and requests for hearing must be received by the IEPA not later than 30 days from the date of this publication. If written comments or requests indicate a significant degree of public interest, the permitting authority may, at its discretion, hold a public hearing. Public notice will be given 45 days before any public hearing. For further information call the Public Notice Clerk at 217/782-0610.
