

## Notice of Hearing Cancellation

On February 14, 2014, a Notice of Public Information was published in the *Illinois Register* noticing a public comment period for a revision to the motor vehicle emissions budgets contained in the Maintenance Plan for the Illinois portion of the Chicago Ozone Nonattainment Area for the 1997 8-Hour Ozone National Ambient Air Quality Standard. The Illinois EPA will submit the revised motor vehicle emissions budgets to the United States Environmental Protection Agency for approval as a State Implementation Plan revision under the Clean Air Act, 42 U.S.C. § 7401 *et seq.*

The notice provided for a hearing to be held on March 24, 2014 and for the comment period to be extended until April 8, 2014 if a hearing request was received by March 17, 2014. Pursuant to the published notice, the Illinois EPA is then required to post either a verification or a cancellation of the public hearing on its website by March 19, 2014. Since no requests for a public hearing were received, the hearing originally scheduled for March 24, 2014 is cancelled and the comment period in this matter is now closed.
