**Re: Quarterly Reports
Third Quarter 2015
Marengo – Arnold Magnetic Technologies
300 North West Street
Marengo, Illinois**

Dear Ms. Pamenter:

Weaver Consultants Group North Central, LLC (WCG) has prepared this letter on behalf of 300 West LLC to provide a quarterly report for the third quarter of 2015. Below is a list of items that were completed during the third quarter.

- Preparation of a proposed revised supplemental off-site groundwater investigation plan dated July 31, 2015. The revised supplemental off-site groundwater investigation plan summarizes select modifications to an initial supplemental off-site groundwater investigation plan dated June 10, 2015.
- Preparation of an August 19, 2015 letter to the Illinois Environmental Protection Agency (IEPA) in response to an IEPA letter dated July 27, 2015 concerning a recently completed on-site soil assessment and a proposed supplemental on-site soil assessment. The August 19, 2015 letter to the IEPA provides proposed modifications to a proposed initial supplemental on-site soil assessment work plan summarized in a letter dated June 30, 2015.
- Supplemental evaluation of the effectiveness of the proposed drinking water treatment system design.
- Third quarter sampling and laboratory analysis of private residential water supply wells and the preparation of a private residential water supply analytical summary.
- Review and formulation of conceptual groundwater remediation approaches.
- Preparation of a September 14, 2015 letter to the IEPA in response to an August 14, 2015 IEPA letter and a September 1, 2015 meeting with the IEPA. The September 14, 2015 letter summarizes select modifications to the proposed revised supplemental off-site groundwater

investigation plan dated July 31, 2015 as discussed during the September 1, 2015 meeting with the IEPA.

- Implementation of the supplemental off-site groundwater investigation field activities pursuant to the aforementioned September 14, 2015 letter.
- Supplemental on-site groundwater sampling and laboratory analyses.
- Preparation of a supplemental on-site groundwater assessment summary report dated September 30, 2015.

Below is a list of items that are anticipated to be in progress during the fourth quarter of 2015.

- Implementation of the supplemental off-site groundwater investigation field activities with laboratory analyses. Potential delays may result due to authorization of access agreements with the McHenry County Conservation District, weather, and off-site drilling conditions.
- Implementation of supplemental on-site soil and groundwater assessment field activities with laboratory analyses.
- Sampling and laboratory analysis of private residential water supply wells.
- Preparation of supplemental on-site soil and groundwater assessment summary reports.
- Preparation of supplemental off-site groundwater assessment summary report.
- Preparation of a Comprehensive Site Investigation report.

We trust that the aforementioned quarterly summaries are sufficient for your needs at this time. If you should have any questions or comments concerning the above quarterly summaries, please do not hesitate to contact our office at 630-717-4848.

Very Truly Yours,

Weaver Consultants Group North Central, LLC
