MEMORANDUM

DATE: September 26, 2024

TO: Chris Davis

FROM: Corey Branson *CB*

SUBJECT: City of Cahokia Heights – Bid Package #5-10 Sewer Repairs
Grant Agreement: 21WWCTORR01
Project Number(s): SSR-13 – SSR-22
Bureau ID: W1638020029

I have reviewed the Contract Documents and Specifications and supporting documentation received by the Permit Section on September 23, 2024, from the Watershed Management Section for the City of Cahokia Heights. The project consists of sanitary sewer repairs throughout the City of Cahokia Heights. This includes 733 linear feet of 8 inch sanitary sewer, 20 linear feet of 10 inch sanitary sewer, 70 linear feet of 12 inch sanitary sewer, 7 manholes, private submersible lift station with a design average flow of approximately 50 gallons per minute and Cured In Place (CIPP) pipe lining.

Construction permits will only need to be obtained from the IEPA if the size or orientation of any pipe is to be changed from the original. I find the proposed project approvable from the technical standpoint.
