RE: 21WWCTORR01; Approval of March 8, 2023, Construction Activities Strategy

Dear Mayor McCall:

The Construction Activities Strategy (CAS), submitted by Hurst-Rosche, Inc.; on March 8, 2023, is approved.

The approval of the CAS means that:

- the City may begin submitting the Construction Activities Documentation Form – Part 1, with supporting documentation, to Illinois EPA for approval for the specific project sites identified in the CAS; including:
 - Lift Station Rehabilitation and Restoration
 - Sewer Line Repairs
 - Main Trunk Line Slip lining
- Illinois EPA will process the up-front payment request of \$2,411,300.00, to cover costs outlined in the CAS.
- the City may start the process for purchase of equipment as approved in the CAS.

As outlined in the grant agreement (21WWCTORR01), the City may modify or update the CAS with Illinois EPA's review and approval. If the City determines that an update is necessary, please let me know; the Agency will provide guidance on the necessary steps to request an update to the CAS.

Please let me know if you have any questions or need additional information.

Sincerely,

Christine Davis
Manager, Watershed Management Section
