JB PRITZKER, GOVERNOR

JOHN J. KIM, ACTING DIRECTOR

## Certification

### Illinois Environmental Protection Agency

This Certification constitutes a finding on behalf of the Illinois EPA that with the permanent total enclosure and improvements to the emission control system addressed by Construction Permit No. 19060030, the Sterigenics' Willowbrook I sterilization facility, located at 7775 Quincy Street in Willowbrook, Illinois, would have an emissions control system that "uses technology that produces the greatest reduction in ethylene oxide emissions currently available," in accordance with the requirements of the Matt Haller Act, Public Act 101-0022, codified in the Illinois Environmental Protection Act at 415 ILCS 5/9.16(g)(Effective June 21, 2019).

The undersigned, as a delegated person authorized to sign the aforementioned Certification on behalf of the Illinois EPA, certifies that the statements set forth in this instrument are true and correct, to the best of my knowledge, and as to any matters stated on information and belief formed after reasonable inquiry, the undersigned certifies as to the aforesaid that I believe the same to be true.
