Public Comment Period

A 30-day comment period has been established for the public to provide information for the Illinois EPA to consider prior to making a final decision. The public comment period begins on **July 7, 2026 and ends on August 6, 2026.**

How can you participate in this process?

Please send written comments, suggestions, recommendations, and other input for Illinois EPA consideration by August 6, 2026.

If you submit information in writing, please include your name, mailing address, and factual grounds and supporting material in your comments. Be sure to note whether you would like to receive notification of important milestones.

If sufficient interest is expressed and a request is made, a public hearing or other informational meeting may be held.

For more on ways to make an effective comment, the Illinois EPA has a resource on its website, which can be found here: <https://epa.illinois.gov/topics/community-relations/public-notice/public-comment.html>

There are several ways to submit written comments to the Illinois EPA

By mail to:

Illinois Environmental Protection Agency
Division of Water Pollution Control
2520 West Iles Avenue, P.O. Box 19276
Springfield, Illinois 62794-9276

Document Repository

The permit application, engineer's review notes including load limit calculations, public notice, fact sheet, draft permit, and other pertinent documents are available for public inspection and are accessible at the Illinois EPA Monday through Friday when scheduled by the interested person. The documents may also be obtained by contacting the Illinois EPA contact listed below. Facility documents are also available by visiting <https://bit.ly/45SQQgM> and entering the facility name.

What happens next?

After consideration of any comments received, the Illinois EPA may either issue or deny the permit. The Illinois EPA will provide a notice of the issuance or denial of the permit to any person who provides comments or an email address during the public notice period. The Responsiveness Summary will include a summary of all significant comments, criticisms, and suggestions. The Illinois EPA will not make a final permit determination until the public participation process has concluded.

Environmental Justice

The facility is located in or near a potential Environmental Justice area pursuant to the Illinois EPA's EJ Public Participation Policy. More information concerning Environmental Justice may be found at <https://bit.ly/4mogDDI>.
