Sewer Overflow and Bypass Event Report [40 CFR 122.41(l)(4), (6), and (7)]

FORM
Approved OMB No.
2040-0004
Expires on
07/31/2026

This collection of information is approved by OMB under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq. (OMB Control No. 2040-0004). Responses to this collection of information are mandatory in accordance with this permit and EPA NPDES regulations (40 CFR 122.41(l)(4),(6), and (7) and 122.41(m)). An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The public reporting and recordkeeping burden for this collection of information are estimated to average 1 to 5 hours per response. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates and any suggested methods for minimizing respondent burden to the Regulatory Support Division Director, U.S. Environmental Protection Agency (2821T), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.

EPA may make all the information submitted through this form (including all attachments) available to the public without further notice to you. Do not use this online form to submit personal information (e.g., non-business cell phone number or non-business email address), confidential business information (CBI), or if you intend to assert a CBI claim on any of the submitted information. Pursuant to 40 CFR 2.203(a), EPA is providing you with notice that all CBI claims must be asserted at the time of submission. EPA cannot accommodate a late CBI claim to cover previously submitted information because efforts to protect the information are not administratively practicable since it may already be disclosed to the public. Although we do not foresee a need for persons to assert a claim of CBI based on the types of information requested in this form, if persons wish to assert a CBI claim we direct submitters to contact the NPDES eReporting Help Desk NPDESereporting@epa.gov (mailto:NPDESereporting@epa.gov) for further guidance.

Facility Information

Facility Name: LAWRENCEVILLE STP, CITY OF

NPDES ID: IL0029467

Facility Address: 1502 3RD STREET LAWRENCEVILLE, IL 62439

Program Information

Select the type of report you want to submit: Sewer Overflow/Bypass Event Report

Were the sewer overflows or unanticipated bypass events caused by an extreme event (e.g., hurricane that flooded the sewer system) such that the number of sewer overflows cannot be tabulated as they are too numerous to count?

No

Event Information

Please enter the start and end dates of your reporting period. You can use this report to cover one or more related sewer overflow or bypass events.

Reporting Period Start Date: 01/07/2026

Reporting Period End Date: 01/07/2026

Are you submitting this sewer overflow/bypass event report due to a wet-weather event? No

Event Information

Please enter one event for each CSO, SSO, or bypass that has occurred for this reporting period.

Event ID: 1

Description: Lift station failure at water plant

Reporting Requirement: 5-day reporting for noncompliance that may endanger health or the environment

Event Category: SSO

Please enter the type of structure of the sewer overflow. If other is selected, please enter a description of the other structure.

Type of Structure: Pumping Station

Collection System ID: 001 - LAWRENCEVILLE STP, CITY OF SSCS

Latitude and Longitude: 38.731313°N, 87.68463°W

Street Address

Street Address: 403 13th street

City: Lawrenceville

State: IL

Zip Code: 62439

Did this event reach waters of the United States? Yes

➔ **Receiving Waterbody Name:** Embarrass River

Is this an ongoing event with an unknown end date/time? No

➔ Please enter the approximate event start and end date.

Same as reporting period start and end date: Yes

Event Start Date: 01/07/2026

Event End Date: 01/07/2026

Please enter the approximate event start and end time.

Event Approximate Start Time:

07:00 am

Event Approximate End Time:

07:15 am

Duration of Event: 15 minute(s)

Please enter the estimated discharge volume in gallons OR the estimated average discharge rate in gallons per hours.

Estimated Discharge Volume (gallons): 1000

Estimated Average Discharge Rate (gallons per hour): 4000

Method for Quantifying Discharge: Best Professional Judgement

Violation Detection Information

Violation Code	Violation Description	Event ID	Start Date	End Date
R012S	Dry-weather SSO discharge to waters of the U.S. that may "endanger health or the environment"	1	2026-01-07	2026-01-07

Causes

Please enter at least one cause for each event ID entered in the Sewer Overflow/Bypass Event Information section of this report.

1)

Category: Sewer Collection System Problems

Cause: Pump Station - Electrical Failure

Event IDs:

- 1 - Lift station failure at water plant

Corrective Actions

Please enter at least one corrective action for each event ID entered in the Sewer Overflow/Bypass Event Information section of this report.

1)

Category: Long Term Corrective Actions

Corrective Action: Other

Other Corrective Action Description: Replaced controller for the lift station

Event IDs:

- 1 - Lift station failure at water plant

Impacts

Please enter at least one impact for each event ID entered in the Sewer Overflow/Bypass Event Information section of this report.

1)

Category: No Potential Impacts Expected

Impact: No Potential Impacts Expected

Event IDs:

- 1 - Lift station failure at water plant

Additional Information

Are you required to submit a twenty-four hour notification to the permitting authority for the events included in this report? Yes

➔ Twenty-Four Hour Reporting

Please identify the individual at the permitting authority notified of the event, or if not an individual, how the permitting authority was notified.

Bruce Rodely

Date Notified: 01/07/2026
