

Inflation Reduction Act Home Energy Rebate Program Updates

(October 13, 2023)

- Allowance of retroactive rebates for the Home Efficiency Rebate Program (Section 50121) that are initiated on or after August 16, 2022; meet all USDOE requirements; and all state program requirements.
- Allowance of virtual inspections for the Home Electrification and Appliance Rebate Program (Section 50122);
- Removing the requirement of a blower door for home energy audits; and
- **Clarification of the low-income programs** that make participants automatically eligible for rebate programs.
