Resource Conservation and Recovery Act Corrective Action Only Permit (B-147R2)

To Distribution List:

In accordance with the Illinois EPA's Environmental Justice Policy, the Office of Environmental Justice wants to provide you with information about a potential action. The Illinois EPA is sending this letter to notify you of an application received by the Bureau of Land (BOL).

The Illinois EPA has received an application for a renewal of a RCRA Corrective Action Only Permit for BP Products North America Inc.- Main Plant (BP) located at 301 Evans Avenue in Wood River. The application addresses the continuation of site-wide corrective action and also redefines the BP facility boundary to remove a portion of the land purchased by KM Phoenix Holdings LLC (KMPH) as KMPH is addressing any corrective action remaining at the portion of the land under its RCRA Corrective Action Only permit (issued on March 4, 2024; effective on April 8, 2024).

The application is currently under review by the BOL. Once ready for review, the Illinois EPA will post a public notice and draft permit on its website (<https://epa.illinois.gov/public-notices/bol-permit-public-notice.html>) and will accept comments during the public notice period. Inquiries concerning the availability of public comment or hearing in this matter may be addressed to Sabrina Bailey, Community Relations, at (217) 847-294-4394, Sabrina.Bailey@Illinois.gov.

If you would like to sign up to receive notifications by email, please visit the Illinois EPA Environmental Justice webpage: <https://epa.illinois.gov/topics/environmental-justice.html>
