ERRO Clearinghouse  
Attn: Jason Linnell  
161 Studio Lane  
Vienna, West Virginia 26105

**Re: 2022 Illinois EPA Electronic Waste Program Plan Review**

Dear Mr. Linnell,

This letter is to inform you that the Illinois EPA has received the manufacturer e-waste program plan for program year 2022 ("the program plan") submitted on behalf of the Electronics Recycling Representative Organization ("ERRO") Clearinghouse in accordance with the Illinois Consumer Electronics Recycling Act ("CERA"). The Illinois EPA reviewed the program plan and determined that it does satisfy the convenience standard set forth in Section 1-15 of CERA. Consequently, the program plan is **approved**.

Please contact the Illinois EPA Electronic Waste Coordinator, Jessica Miller at [Jessica.H.Miller@illinois.gov](mailto:Jessica.H.Miller@illinois.gov) if you have any questions.

Sincerely,

James Jennings  
Manager, Waste Reduction and Compliance Section  
Bureau of Land  
Illinois EPA

**Electronics Recycling Representative Organization**

**Manufacturer Clearinghouse**

10. Exhibit C: Email Confirmations of Deviations from Standard Program Collection Site Distribution

1. Point of Contact Information

The point of contact for the Electronics Recycling Representative Organization (“ERRO”) Manufacturer Clearinghouse is:

Jason Linnell  
 Executive Director  
 National Center for Electronics Recycling  
 161 Studio Lane  
 Vienna, WV 26105  
 Office: 304-699-1008  
 Cell: 304-374-8144  
[jlinnell@electronicsrecycling.org](mailto:jlinnell@electronicsrecycling.org)

2. Identity of Opt-In Counties

Illinois EPA distributed a form in early 2021 to eligible Illinois counties and municipalities to opt-in to the manufacturer program under CERA for 2022. As a result of this process, 54 units of government submitted elections to participate in the program. Below is a listing of the counties and other units of government who filed opt-in forms. The ERRO Manufacturer Clearinghouse continued operation and development of a plan for 2022, using the Rules (Exhibit A) for how manufacturers would divide the responsibility for providing programs to those opt-in counties. Manufacturers had the option to participate through a “group plan” if their obligation percentage was over 3%. All manufacturers decided to have their recycling responsibilities fulfilled through one of five group plans. ERRO assigned registered group plans to each county/municipality as noted below. Plans submitted collection sites or events to cover the minimum required under CERA or made other arrangements with the County/municipality. The attached Exhibit B notes which sites/events were selected that either meets/exceeds the minimum number required or notes deviations with County agreements.

City of Chicago	MRM	10

### 3. Locations of Each Site/Event in Each Opt-In County

The ERRO Administrator has assigned each of the above counties and municipalities to one of five registered group plans working directly with a recycler or recyclers, or who are recyclers themselves. The ERRO Administrator attempted to honor existing relationships and preferences in the assignments – including those noted on the County opt-in forms - while balancing each collective group’s obligation percentage described in Section 6 below. In most cases, the group plan assigned for 2022 is the same as 2021. However, due to changes in the individual manufacturer obligation percentages and having one fewer group plan, this was not possible in all cases. The list of each collection site/event for each opt-in county is included in the attached Exhibit B. For several counties, the actual date and location of collection events has yet to be determined, but the city and number of events agreed to by its assigned group plan/manufacturer is noted wherever possible.

### 4. Recyclers to Be Used

The list of recyclers to be used by all manufacturers and group plans in the Clearinghouse is included in Exhibit B along with the collection locations. In some cases, multiple recyclers are noted. In all cases, group plans and manufacturers under the Clearinghouse understand that recyclers must be registered and meet the requirements under CERA.

### 5. Deviation from the Standard Program Collection Site Distribution

Several counties proposed deviations from the collection site distribution requirements in their proposed list of sites/events. Many of these involve substituting collection events for one permanent site. Deviations are noted in the final column and the Clearinghouse has provided email confirmations from the counties documenting these deviations.

### 6. Allocation Methodology Certification

ERRO has used the allocation methodology Sec. 1-84.5 to develop the adjusted total proportional responsibility for each manufacturer registered in 2022. To do so, the ERRO Administrator used collection data from all reports in 2019 and 2020 as well as initial data from the first quarter 2021 as reported by the group plans. The final return share by category used in proportional responsibility calculations is shown below.

<b>IL CERA CED Category</b>	<b>Return Share Percentage 2022</b>
Computers and Small-scale servers	<b>7.00%</b>
Computer Monitors	<b>5.50%</b>
TVs	<b>54.00%</b>
Print/Fax/Scanners	<b>15.00%</b>
DVD /VCR	<b>10.00%</b>
Game consoles	<b>1.00%</b>

Cable/sat equipment	2.50%
Keyboards/Mice/DMPs	5.00%

After setting the return share by category, the ERRO compiled data from IFPA-provided manufacturer registration forms to set market share percentages by weight for each category. The adjusted total proportional responsibility was the product of the manufacturer's product category sales weight percentage and the corresponding 2022 return share percentage.

Example:

Manufacturer A – 5% sales by weight in TVs, 10% sales in Monitors

5% TVs \* 54% = 2.7%

10% Monitors \* 5.5% = 0.55%

Manufacturer A Responsibility: 2.7% + 0.55% = **3.25%**

After setting the manufacturer responsibility percentages, the ERRO Administrator requested that group plans provide preferences on existing county/municipal sites as well as data on retail and other private collection efforts. Using data from the Opt-In Forms and 2019-2020 data, the ERRO Administrator developed a county by county (or municipality) estimate of pounds to be collected in 2022 and matched the group plans to the counties by relative estimated volume. As described in the attached Rules document [Exhibit A], manufacturers and their groups are able to offset the number of counties/municipalities assigned to by reporting retailer, curbside and other qualified private collection efforts. As in 2021, this calculation also included reductions and additions to pounds estimated based on the true-up process described in Exhibit A. Any sites used for meeting county minimums are not included in the private programs.

#### 7. List of Manufacturers Intending to Comply through Clearinghouse

The following list of 91 manufacturers have registered for 2022 with Illinois EPA, signed Manufacturer Participation Agreements with the ERRO and joined a Group Plan to comply with CERA through the ERRO Clearinghouse.

1. 3M
2. Acer
3. Amazon
4. American Future Tech dba iBuypower
5. Anker-Innovations Limited
6. Apple, Inc.
7. Asus Computer
8. Atyme Corporation Inc
9. Bang & Olufsen
10. BenQ
11. Best Buy
12. Brother
13. Canon U.S.A., Inc.
14. Corsair

15. CTL, Inc.
16. Curtis International
17. Cyberpower
18. Dell Inc.
19. Digital Products International, Inc
20. DP Audio/Video
21. DirecTV/AT&T
22. Dynabook
23. Element TV
24. Elitelux Technologies
25. Envision Peripherals
26. Epson America, Inc.
27. Equus Computer Solutions
28. Facebook Technologies
29. Funai Corporation, Inc.
30. Fujitsu America, Inc.
31. Google LLC
32. Hisense USA Corp
33. Hitachi America, Ltd.
34. HP Inc.
35. Intel Corporation
36. IPSC/Micro Center/Micro Electronics Inc.
37. JVC/Kenwood USA
38. Kensington Computer Products Group
39. Kidz Delight
40. Kodak Alaris
41. KONKA North America, LLC
42. Konica Minolta Business Solutions
43. LB Technology/iModesty
44. Lenovo (United States) Inc.
45. Lexmark
46. LG Electronics USA Inc
47. Logitech
48. Microsoft Corporation
49. Motorola Mobility LLC
50. MSI Computer Corp
51. Netgear
52. Nintendo of America
53. Nook Digital/Barnes and Noble
54. NVIDIA
55. Oki Data Americas, Inc.
56. Orei
57. Panasonic
58. Peerless Industries

59. Planar Systems, Inc.
60. Plustek Technology
61. Premio
62. Razer
63. Ricoh
64. Robert Bosch Tool Corporation
65. Russell Distribution Company, LLC
66. Samsung
67. Sceptre, Inc
68. Seura, Inc.
69. SiriusXM Radio, Inc
70. Skyworth
71. Sony Electronics Inc
72. SOUND AROUND Inc.
73. Staples
74. Stratasys
75. Summer Infant/SUMR
76. Sunbrite TV
77. Targus
78. TCT Mobile
79. Tongfang Global, Inc.
80. Transcosmos America, Inc.
81. TTE Technology, Inc. dba TCL North America
82. ViewSonic
83. Visioneer, Inc.
84. VIZIO, Inc.
85. Voxx international Corp.
86. Vtech Electronics North America LLC
87. VTIN/Patazon
88. Wacom Technology Corporation
89. Wal-Mart Inc.
90. Xerox Corporation
91. Yamaha Corporation of America

One additional manufacturer registered with Illinois EPA for 2022, but reported zero sales of covered devices and therefore has no obligations through the Clearinghouse:

1. Polaroid (PLR IP Holdings, LLC)

Five manufacturers did not submit 2022 registration forms, but were included in the 2021 Clearinghouse Plan. They will not be included in the 2022 Program Plan under the ERRO Clearinghouse unless they register with IEPA for 2022 and join a 2022 group plan:

1. Craig Electronics – Newtech Electronic Industries
2. Major League Global Enterprise LLC
3. Onkyo USA

4. Shaghal Ltd/Xovision
5. Venturer Electronics Inc

Bond County, Illinois requests that we receive the following collection coverage plans for the Illinois CERA Program for 2022. We will be conducting two collection events instead of the required four. We understand that this request may deviate from the minimum convenience requirements under CERA and with this request acknowledge those deviations and recognize the collection site coverage listed above as our requested coverage for 2022.

Please call with any question you may have. Thank you.

Sincerely,

2022 Boone County Confirmation

**From:** Justin Krohn <jkrohn@boonecountyl.org>  
**Sent:** Monday, June 21, 2021 1:00 PM  
**To:** Manahan, Naomi  
**Subject:** Re: Boone County 2022 e waste plan?

Correct no changes.

On Jun 21, 2021 11:13 AM, "Manahan, Naomi" <Naomi.Manahan@rlgamericas.com> wrote:  
Hi Justin,

I hope your summer is going well. Boone County has been assigned to RLGA for our 2022 e-waste group plan, so we are starting the process of preparing for next year. I have reviewed your 2022 opt-in form, and I need to just confirm that no changes have been made since that was submitted. Can you please confirm the below statement is accurate?

**Please confirm (Y/N): Boone County will be opted-in to the 2022 group plan and will be operating 1 (one) permanent collection site at 9759 IL Route 76, Belvidere, IL, 61008 for its electronics collection program?**

In terms of logistics/recyclers/etc, we do not anticipate any major changes to your current operations and hope to continue business as usual. Please advise if any changes are occurring on your end that would affect our volume forecasting.

Best,  
Naomi

**Subject:** BUREAU COUNTY - 2022 Planned Dates and Responsibilities (Recycling State of IL)

Hello Donna-

The County will plan 2 (two) events:

- **Saturday, April 30, 2022** – 9:00 am until 12:00 Noon
  - **Saturday, October 22, 2022** – 9:00 am until 12:00 Noon
- Event One Location: Cherry, Illinois
  - Event Two Location: Sheffield, Illinois

**Other Items:**

- County will not be collecting outside of State of IL program materials.
- County will provide their own fork lift and labor (volunteers)
- For each event, the County will need 1 (one) semi-truck

Also, since this will be the very first time for such an event in the County, can you continue to provide guidance on next steps?

Thank you.

**Subject:** RE: 2022 e-waste

Hello Patrick,

Please accept this email to confirm that Champaign County would like to have a total of two Residential Electronics Collection events for the IEPA Program Year 2022 under the CERA Manufacturer Ewaste Program, instead of four such allotted events for Champaign County under CERA.

The two planned one-day Residential Electronics Collection events to be held in Champaign County during 2022 are large scale in size and two of these events are all that our current staff resources allow for.

**To:** 'smonte@ccrpc.org' <smonte@ccrpc.org>  
**Subject:** 2022 e-waste

Hi Susan,

Thank you for submitting a 2022 Opt-In form for the Illinois e-waste recycling program under the Consumer Electronics Recycling Act (CERA). You recently received an email from Jason Linnell at the Illinois Manufacturer Clearinghouse identifying MRM as the Group Plan assigned to your county for 2022.

The Clearinghouse has requested that the Group Plan submit to the Clearinghouse by June 26<sup>th</sup> the list of collection sites and events which have been agreed upon for 2022 by both MRM and the County.

Below are the collection details you submitted in the opt-in form. MRM agrees to the collection opportunities you have listed on your opt-in form. If you have any changes, please let us know below. If applicable, the Clearinghouse has indicated that while its preferable to have collection event details, its only necessary to have the number of events and the town the event will be held in for 2022.

Collection details listed here

Assigned 2020	Estimated Amount	Collection Opportunities Requested	Sites Allowed under CERA	Contact	Email
Champaign County	300,000	2 both events at same location	1	Susan Monte	<a href="mailto:smonte@co.champagne.il.us">smonte@co.champagne.il.us</a>
Champaign County				Susan Monte	<a href="mailto:smonte@co.champagne.il.us">smonte@co.champagne.il.us</a>

If the County and MRM agree to a number of collection opportunities less than the number allocated under CERA, the Group Plan will need something in writing from the County (email if acceptable) stating that this is acceptable. Please include it a written response in this email. Champaign is allocated 1 site/4 events. As there are only two events, please confirm that this is acceptable.

Please note, that under CERA manufacturers are responsible for the packaging, transportation and recycling services. MRM will work through our contracted recycler to work with the collector operating the County collection site. In the coming weeks, we will send out a MRM Letter of Understanding (LOU) which outlines each groups responsibilities and roles. If there are still outstanding questions regarding who is responsible for different components, please feel free to let us know.

We look forward to a successful 2022!

Patrick

**Subject:** RE: 2022 ewaste

Hi Patrick:

The City of Chicago chooses to bring all materials back to the City's Household Chemicals and Computer Recycling Facility (HCCRF) at 1150 N. North Branch. We have chosen to collect at different sites and bring all electronics back to the HCCRF in order to load into one truck that will go to your recycler (SSI) once filled. The City of Chicago will not be using our allotted number of sites (10) at this time. We will reach out for approval if anything changes. Thanks, Terry

[Warning: External email]

Hi Terry,

I hope you are doing well.

Thank you for submitting a 2022 Opt-In form for the Illinois e-waste recycling program under the Consumer Electronics Recycling Act (CERA). You recently received an email from Jason Linnell at the Illinois Manufacturer Clearinghouse identifying MRM as the Group Plan assigned to your county for 2022.

The Clearinghouse has requested that the Group Plan submit to the Clearinghouse by June 26<sup>th</sup> the list of collection sites and events which have been agreed upon for 2022 by both MRM and the County.

MRM agrees to the collection opportunities you have listed on your opt-in form. If you have any changes, please let us know below.

If the County and MRM agree to a number of collection opportunities less than the number allocated under CERA, the Group Plan will need something in writing from the County (email if acceptable) stating that this is acceptable. Please include it a written response in this email confirming your choice to not use the full allocation of sites.

Please note, that under CERA manufacturers are responsible for the packaging, transportation and recycling services. MRM will work through our contracted recycler to work with the collector operating the County collection site. In the coming weeks, we will send out a MRM Letter of Understanding (LOU) which outlines each groups responsibilities and roles. If there are still outstanding questions regarding who is responsible for different components, please feel free to let us know.

We look forward to a successful 2022!

Patrick

Hello all,

Coles County, Illinois requests that we receive the following collection coverage plans for the Illinois CFRA Program for 2022. We will be conducting **one (1)** collection event instead of the required four. We understand that this request may deviate from the minimum convenience requirements under CERA and with this request acknowledge those deviations and recognize the collection site coverage listed above as our requested coverage for 2022.

Sincerely,  
Sarah

**External Message Disclaimer**

This message originated from an external source. Please use proper judgment and caution when opening attachments, clicking links, or responding to this email.

Hi Christopher,

Thanks so much for reaching out. I have reviewed your 2022 opt-in form, and our next step is to just confirm that no changes have been made since that was submitted. Can you please confirm the below statement is accurate or update as needed?

**Please confirm (Y/N): Cook County will be opted-in to the 2022 group plan and will be operating 2 (two) collection events at Elmwood Park and Leyden.**

- **Do the townships have any dates and locations in mind?**
- **Do the townships have a volume estimate for each event? Past opt-in forms estimated ~16,000 lbs per event.**

In terms of logistics/recyclers/etc, we do not anticipate any major changes to your current operations and hope to continue business as usual. In the past, Cook County did not act directly as the collector; arrangements are made between the recycler and the community planning the event, so Cook County is not responsible for any fees incurred. Please advise if any changes are occurring on your end that would affect our volume forecasting or logistics planning.

Best,  
Naomi

Crawford County, Illinois requests that we receive the following collection coverage plans for the Illinois CERA Program for 2022. We will be conducting 1 collection event instead of the required four. We understand that this request may deviate from the minimum convenience requirements under CERA and with this request acknowledge those deviations and recognize the collection site coverage listed above as our requested coverage for 2022.

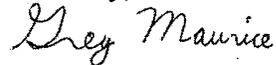

DeKalb

August 20, 2021

DeKalb County, Illinois requests that we receive the following collection coverage plans for the Illinois CERA Program for 2021. Due to the loss of our permanent collection site at Lakeshore in Cortland in February of this year, we will be conducting *two* collection events instead of the required four. Lakeshore will still provide curbside electronic recycling as part of their municipal contracts with DeKalb and Hinckley. We understand that this request may deviate from the minimum convenience requirements under CERA and with this request acknowledge those deviations and recognize the collection site coverage listed above as our requested coverage for 2021.

If you have any questions, please feel free to contact me.

Sincerely,

Greg Maurice, LEHP  
Director of Health Protection

2022 Kane County Confirmation

**From:** Jarland, Jennifer <JarlandJennifer@co.kane.il.us>  
**Sent:** Monday, June 21, 2021 2:28 PM  
**To:** Manahan, Naomi  
**Subject:** RE: Kane County 2022 e-waste plan?

Hi Naomi,

Thank you so much. Yes, I confirm that the below information is correct, see "Y"s below. Thank you for maintaining our connection with eWorks as it is indeed a solid and successful partnership.

Volumes, as far as I can estimate, will remain about the same as they have been.

I do not have event dates yet set for 2022, but will certainly inform you when I do! Or if I find a 4<sup>th</sup> permanent site before then. : )

Hi Jennifer,

I hope your summer is going well and congratulations on the Aurora Recycling Center opening (today, correct?). As you know, Kane County has been assigned to RLGA for our 2022 e-waste group plan, so we are starting the process of preparing for next year. I have reviewed your 2022 opt-in form, and I need to just confirm (again) that these details have not changed. Can you please confirm the below statement is accurate?

**Please confirm (Y/N): Kane County will be opted-in to the 2022 group plan and will be operating 3 (three) permanent sites:**

- 1. eWorks ESI, 517 E Fabyan Parkway, Batavia, IL 60510 (Mon-Fri 8AM-4PM) Y
- 2. 900 Angle Tarn, West Dundee, IL 60118 (Mon-Fri 7AM-3PM) Y
- 3. 911 N Lake St, Aurora, IL 60506 (Mon-Fri 8AM-4PM) Y

**AND 4 (four) collection events at 540 S Randall Rd, St. Charles, IL 60174. Y**

We know that you have a great arrangement going with eWorks and we plan to continue business as usual. Please advise if any changes are occurring on your end that would affect our volume forecasting, and if there are any specific event dates in mind?

Best,  
Naomi

**Subject:** [EXTERNAL] e-waste 2022

Hi Kelli,

Thank you for submitting a 2022 Opt-In form for the Illinois e-waste recycling program under the Consumer Electronics Recycling Act (CERA). You recently received an email from Jason Linnell at the Illinois Manufacturer Clearinghouse identifying MRM as the Group Plan assigned to your county for 2022.

The Clearinghouse has requested that the Group Plan submit to the Clearinghouse by June 26<sup>th</sup> the list of collection sites and events which have been agreed upon for 2022 by both MRM and the County.

MRM agrees to the collection opportunities you have listed on your opt-in form. If you have any changes, please let us know below. If applicable, the Clearinghouse has indicated that while its preferable to have collection event details, its only necessary to have the number of events and the town the event will be held in for 2022.

If the County and MRM agree to a number of collection opportunities less than the number allocated under CERA, the Group Plan will need something in writing from the County (email if acceptable) stating that this is acceptable. Because you are doing 1 site and 4 events, you will need to include a written response in this email stating that the events are acceptable.

Please note, that under CERA manufacturers are responsible for the packaging, transportation and recycling services. MRM will work through our contracted recycler to work with the collector operating the County collection site. In the coming weeks, we will send out a MRM Letter of Understanding (LOU) which outlines each groups responsibilities and roles. If there are still outstanding questions regarding who is responsible for different components, please feel free to let us know.

We look forward to a successful 2022!

Patrick

2. **Fairgrounds Road, Pinckneyville, IL 62274**

In terms of logistics/recyclers/etc, we do not anticipate any major changes to your current operations and hope to continue business as usual. Please advise if any changes are occurring on your end that would affect our volume forecasting, and if there are any specific event dates in mind?

Best,

Naomi

On behalf of the Stark County Board, as the designated manager of the proposed collection site/program for Stark County, Illinois, we request the following coverage under the Consumer Electronics Recycling Act for program year 2022.

- Curbside Electronics Collections facilitated by Eagle Enterprises Recycling, Inc., instead of one permanent collection site.

Stark County understands that this request may deviate from the minimum convenience requirements under CERA, and with this request acknowledge those deviations and recognize the collection site coverage listed above as our requested coverage for 2022.

Sincerely,

Adam R. Jaquet  
Vice President  
Eagle Enterprises Recycling, Inc.  
Collection Site Program Manager on behalf of Stark County, IL

Good afternoon Jan,

Currently, Tazewell County, Illinois requests that we receive the following collection coverage plans for the Illinois CERA Program for 2022. We will be conducting one collection event instead of the required four. We understand that this request may deviate from the minimum convenience requirements under CERA and with this request acknowledge those deviations and recognize the collection site coverage listed above as our requested coverage for 2022.

Kind regards,

Melissa Goetze B.S. LEHP, REHS/RS  
Director of Environmental Health  
21306 Illinois Route 9 Tremont, IL 61568

Thanks Nicole,

For 2022, can you just confirm that your current plan is to hold 4 events, pending the state of the world?

Thanks,  
Dave

Washington

Casey, Mandi,

This information is being forwarded to you because you've previously been our POC.

Please handle this information as you see fit:

Washington County, Illinois requests that we receive the following collection coverage plans for the Illinois CERA Program for 2022. We will be conducting Four (4) collection events instead of the required one permanent site. We understand that this request may deviate from the minimum convenience requirements under CERA and with this request acknowledge those deviations and recognize the collection site coverage listed above as our requested coverage for 2022.

Please call on me if you have any questions,

WJS

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Hi Chris,

ILEPA informed MRM that because you are allocated three permanent sites under CERA, we need an email saying you are OK with the two sites and 4 events, which is what was proposed in the opt in form.

Thank you,

Patrick

**Subject:** E-waste in 2022

Hi Brian and Pam,

I hope all is going well for you.

Thank you for submitting a 2022 Opt-In form for the Illinois e-waste recycling program under the Consumer Electronics Recycling Act (CERA). You recently received an email from Jason Linnell at the Illinois Manufacturer Clearinghouse identifying MRM as the Group Plan assigned to your county for 2022.

The Clearinghouse has requested that the Group Plan submit to the Clearinghouse by June 26<sup>th</sup> the list of collection sites and events which have been agreed upon for 2022 by both MRM and the County.

Do you have some time to jump on a call in the next few days?

If the County and MRM agree to a number of collection opportunities less than the specific number of permanent collection sites allocated under CERA, the Group Plan will need something in writing from the County (email if acceptable) stating that this is acceptable. Please include it a written response in this email.—this is the same as last year.

Please note, that under CERA manufacturers are responsible for the packaging, transportation and recycling services. MRM will work through our contracted recycler to work with the collector operating the County collection site. In the coming weeks, we will send out a MRM Letter of Understanding (LOU) which outlines each groups responsibilities and roles. If there are still outstanding questions regarding who is responsible for different components, please feel free to let us know.

We look forward to a successful 2022!

Patrick
