Re: 2024 Illinois EPA Electronic Waste Program Plan Review

Dear Mr. Linnell,

This letter is to inform you that the Illinois EPA has received the manufacturer e-waste program plan for program year 2024 ("the program plan") submitted on behalf of the Electronics Recycling Representative Organization ("ERRO") Clearinghouse in accordance with the Illinois Consumer Electronics Recycling Act ("CERA"). Section 1-25 of CERA establishes the required elements of the program plan and states, in relevant part, that the plan shall include, at a minimum:

- The contact information for the information for the individual who will serve as the point of contact for the manufacturer e-waste program ("the program");
- The identity of each county that has elected to participate in the program during the program year;
- For each county, the location of each program collection site and one-day collection event included in the program for the program year;
- The collector operating each program collection site and one-day collection event included in the program for the program year;
- The recyclers the manufacturers plan to use during the program year;
- An explanation of any deviation by the program from the standard program collection site distribution set forth in Section 1-15(a) of CERA; and
- A certification that the methodology used for allocation responsibility for the transportation and recycling of residential consumer electronic devices by manufacturers participating in the clearinghouse program year will be in compliance with Section 1-84.5 of CERA.

The Illinois EPA has reviewed the submitted program plan and determined that it contains these required elements. Consequently, the program plan is complete. The program plan also included other information, including, a document identified as ERRO Illinois Manufacturer Clearinghouse Program Rules. That document and other items not specifically identified above were not within the scope of the Illinois EPA's review and, accordingly, were not considered part of the submission for the purposes of approving or denying the program plan.

Section 1-25(b) of CERA requires the Illinois EPA to review the program plan and determine whether the collection sites and one-day collection events specified in the program plan satisfy the convenience standard set forth in Section 1-15 of CERA. The Illinois EPA reviewed the program plan and determined that it does satisfy the convenience standard set forth in Section 1-15 of CERA. Consequently, the program plan is **approved**.

4302 N. Main St, Rockford, IL 61103 (815) 967-7760
595 S. State, Elgin, IL 60123 (847) 608-3131
2128 S. First St., Champaign, IL 61820 (217) 278-5800
2009 Mall St., Collinsville, IL 62234 (618) 346-5120

9511 Harrison St., Des Plaines, IL 60016 (847) 294-4000
412 SW Washington St., Suite D, Peoria, IL 61602 (309) 671-5022
2309 W. Main St., Suite 116, Marion, IL 62959 (618) 993-7200
100 W. Randolph, Suite 4-500, Chicago, IL 60601

Please contact the Illinois EPA Electronic Waste Coordinator, Archana Uppuluri, at 217-524-3300 or Archana.Uppuluri@illinois.gov if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Valerie A. Davis". The signature is written in a cursive style with a large, stylized initial "V".

E-Waste Program Plan for 2024

July 1, 2023

Program Plan Contents

1. Point of Contact Information
2. Identity of Opt-In County
3. Locations of Each Site/Event in Each Opt-In County
4. Recyclers to Be Used
5. Deviation from the Standard Program Collection Site Distribution
6. Allocation Methodology Certification
7. List of Manufacturers Intending to Comply through Clearinghouse
8. Exhibit A: 2024 ERRO Illinois Manufacturer Clearinghouse Program Rules
9. Exhibit B: 2024 Clearinghouse Collection Sites/Events and Recyclers
10. Exhibit C: Email Confirmations of Deviations from Standard Program Collection Site Distribution

1. Point of Contact Information

The point of contact for the Electronics Recycling Representative Organization (“ERRO”) Manufacturer Clearinghouse is:

Jason Linnell
 Executive Director
 National Center for Electronics Recycling
 161 Studio Lane
 Vienna, WV 26105
 Cell: 304-374-8144
jlinnell@electronicsrecycling.org

2. Identity of Opt-In Counties

Illinois EPA distributed a form in early 2023 to eligible Illinois counties and municipalities to opt-in to the manufacturer program under CERA for 2024. As a result of this process, 51 units of government elected to participate in the program. Below is a listing of the counties and other units of government who filed opt-in forms. The ERRO Manufacturer Clearinghouse continued operation and development of a plan for 2024, using the Rules (Exhibit A) for how manufacturers would divide the responsibility for providing programs to those opt-in counties. Manufacturers had the option to participate through a “group plan” if their obligation percentage was over 3%. All manufacturers decided to fulfill their recycling responsibilities through one of six group plans, with the exception of two retailer-manufacturers. ERRO assigned registered group plans to each county/municipality as noted below. Plans submitted collection sites or events to cover the minimum required under CERA or made other arrangements with the County/municipality. The attached Exhibit B notes which sites/events were selected that either meets/exceeds the minimum number required or notes deviations with County agreements.

County	ERRO -Assigned Group Plan	Required Minimum Number of Sites per CERA

SWANCC	MRM	5

3. Locations of Each Site/Event in Each Opt-In County

The ERRO Administrator has assigned each of the above counties and municipalities to one of five registered group plans working directly with a recycler or recyclers, or who are recyclers themselves. The ERRO Administrator attempted to honor existing relationships and preferences in the assignments – including those noted on the County opt-in forms - while balancing each collective group’s obligation percentage described in Section 6 below. In most cases, the group plan assigned for 2024 is the same as 2023. However, due to changes in the individual manufacturer obligation percentages and manufacturer selection changes from 2023, this was not possible in all cases. The list of each collection site/event for each opt-in county is included in the attached Exhibit B. For several counties, the actual date and location of collection events has yet to be determined, but the city and number of events agreed to by its assigned group plan/manufacturer is noted wherever possible.

4. Recyclers to Be Used

The list of recyclers to be used by all manufacturers and group plans in the Clearinghouse is included in Exhibit B along with the collection locations. In some cases, multiple recyclers are noted. In all cases, group plans and manufacturers under the Clearinghouse understand that recyclers must be registered and meet the requirements under CERA.

5. Deviation from the Standard Program Collection Site Distribution

Several counties proposed deviations from the collection site distribution requirements in their proposed list of sites/events. Many of these involve substituting collection events for permanent sites. Deviations are noted in the final column and the Clearinghouse has provided email confirmations from the counties documenting these deviations.

6. Allocation Methodology Certification

ERRO has used the allocation methodology Sec. 1-84.5 to develop the adjusted total proportional responsibility for each manufacturer registered in 2024. To do so, the ERRO Administrator used collection data from all reports from 2019-2022 as well as initial data from the first quarter 2023 as reported by the group plans. The final return share by category used in proportional responsibility calculations is shown below.

IL CERA CED Category	Return Share Percentage 2024
Computers and Small-scale servers	7.50%
Computer Monitors	6.00%
TVs	51.50%
Print/Fax/Scanners	15.00%
DVD /VCR	11.50%
Game consoles	1.00%
Cable/sat equipment	3.00%
Keyboards/Mice/DMPs	4.50%

After setting the return share by category, the ERRO compiled data from IEPA-provided manufacturer registration forms to set market share percentages by weight for each category. The adjusted total

proportional responsibility was the product of the manufacturer's product category sales weight percentage and the corresponding 2024 return share percentage.

Example:

Manufacturer A – 5% sales by weight in TVs, 10% sales in Monitors

5% TVs * 51.5% = 2.575%

10% Monitors * 6.0% = 0.6%

Manufacturer A Responsibility: 2.6% + 0.6% = **3.2%**

After setting the manufacturer responsibility percentages, the ERRO Administrator requested that group plans provide preferences on existing county/municipal sites as well as data on retail and other private collection efforts. Using data from the Opt-In Forms and 2019-2022 data, the ERRO Administrator developed a county by county (or municipality) estimate of pounds to be collected in 2024 and matched the group plans to the counties by relative estimated volume. As described in the attached Rules document [Exhibit A], manufacturers and their groups are able to offset the number of counties/municipalities assigned to by reporting retailer, curbside and other qualified private collection efforts. As in previous years, this calculation also included reductions and additions to pounds estimated based on the true-up process described in Exhibit A. Any sites used for meeting county minimums are not included in the private programs.

7. List of Manufacturers Intending to Comply through Clearinghouse

The following list of 91 manufacturers have registered for 2024 with Illinois EPA, signed Manufacturer Participation Agreements with the ERRO and joined a Group Plan to comply with CERA through the ERRO Clearinghouse.

1. 3M
2. 3PI Tech Solutions
3. Acer
4. Amazon
5. American Future Tech dba iBuypower
6. Anker Innovations Limited
7. Apple, Inc.
8. Asus Computer
9. Atyme Corporation Inc
10. BenQ
11. Best Buy
12. Better WorkSpaces
13. Brainstorm
14. Brother
15. C&A
16. Canon U.S.A., Inc.
17. CTL, Inc.
18. Curtis International
19. Cyberpower
20. Dell Inc.

21. Digital Products International, Inc
22. DP Audio/Video
23. DirecTV
24. Doxie
25. Dynabook
26. Element TV
27. Elitelux Technologies, Inc.
28. Envision Peripherals
29. Epson America, Inc.
30. Fujitsu America, Inc.
31. Funai Corporation, Inc.
32. Google LLC
33. Hisense USA Corp
34. HMD America
35. HP Inc.
36. Hyundai Technology Group, Inc.
37. IPSP/Micro Center/Micro Electronics Inc.
38. Ingram Micro
39. Intel Corporation
40. JVCKenwood USA
41. Kensington Computer Products Group
42. Kodak Alaris
43. Konica Minolta Business Solutions
44. Lenovo (United States) Inc.
45. Lexmark
46. LG Electronics USA Inc
47. Lippert Components Inc
48. Logitech
49. Meta
50. Microsoft Corporation
51. MSI Computer Corp
52. Naxa Electronics Inc.
53. Netgear
54. Nintendo of America
55. Nook Digital/Barnes and Noble
56. NVIDIA
57. Orei
58. Panasonic
59. Peerless Industries
60. Planar Systems, Inc.
61. Premio
62. Razer
63. Ricoh
64. Roku

65. Samsung
66. Sceptre, Inc
67. Seura, Inc.
68. Sharp Electronics
69. Shenzhen
70. SiriusXM Radio, Inc
71. Skyworth
72. Sony Electronics Inc
73. SOUND AROUND Inc.
74. Staples
75. Stratasys
76. SteelSeries APS
77. Summer Infant/SUMR
78. Sunbrite TV
79. Targus
80. TCT Mobile
81. Tonies
82. TTE Technology, Inc. dba TCL North America
83. Valve Corporation
84. ViewSonic
85. Visioneer, Inc.
86. VIZIO, Inc.
87. Vtech Electronics North America LLC
88. Wacom Technology Corporation
89. Wal-Mart Inc.
90. Westinghouse
91. Xerox Corporation
92. Zebra Technologies

Two manufacturers registered with Illinois EPA for 2024, but reported zero sales of covered devices and therefore has no obligations through the Clearinghouse:

1. Elo Touch
2. Kyocera
3. Voxx international Corp.

One manufacturer registered with Illinois EPA but did not complete the necessary steps to join the ERRO Manufacturer Clearinghouse:

Shenzhen Kejinming Electronic Co.,Ltd

Bond

Bond County, Illinois requests that we receive the following collection coverage plans for the Illinois CERA Program for 2024. We will be conducting two collection events instead of the required four, as we have a very small community. We understand that this request may deviate from the minimum convenience requirements under CERA and with this request acknowledge those deviations and recognize the collection site coverage listed above as our requested coverage for 2024.

COUNTY OF BUREAU, Illinois requests that we receive the following collection coverage plans for the Illinois CERA Program for 2024. We will be conducting **one (1) collection event** instead of the required four. We understand that this request may deviate from the minimum convenience requirements under CERA and with this request acknowledge those deviations and recognize the collection site (TBD) coverage listed above as our requested coverage for 2024.

RE: Champaign County deviation from the required four CERA collection events in 2023

Dear Ms. Bebar:

Champaign County, Illinois requests that we receive the following collection coverage plans for the Illinois CERA Program for 2024. We will be conducting two collection events instead of the required four.

We understand that this request may deviate from the minimum convenience requirements under CERA and, with this request, acknowledge those deviations and recognize the collection site coverage listed above as our requested coverage for 2024.

Sincerely,

John Hall
Director

Subject: Group plan 2024

Hello Patrick,

I hope you're doing well. I was not sure how the discussion for next year's plan is suppose to go so I decided to reach out to you.

Basically, we plan to repeat the operations from the last few years. Our permanent facility at 1150 N. North Branch St. will be our main site. All trailer pick ups and supply deliveries will happen at this location. The other address locations on our opt-in form are what we call satellite locations. There are a total of 6 satellite locations that we've chosen through different city neighborhoods. They're basically small neighborhood collections we'll hold for 5 hours once a month placing the accepted items in a truck and taking them back to our main facility at the end of the day for sorting and storage. We'll hold these small collections up to the end of the year in each of those neighborhoods. It has worked out pretty well so far.

If there is anything I have left out please reach out to me. I have a couple of phone numbers listed below and my e-mail is Martin.Garcia@cityofchicago.org My division head is Dave Graham, he is cc'd on this e-mail as well. Thank you.

Best regards,

Martin R. Garcia

Hi Anthony,

I need to submit something by EOD to the authorities about our plans for next year. I have reached out to the sites individually and am waiting for confirmation from South Holland about their events. We can always add events to the schedule down the road if needed. **Can you please respond to this email confirming that the number of sites and events below meet your collection needs, and that the number of 2024 sites and events below is correct?**

Collection site or event address	# events	Event date (s)	Notes
Event site 1: (Village of Elmwood Park) 7330 Fullerton Ave, Elmwood Park, IL 60707	1	TBD	
Event site 2: (Village of South Holland) 16226 Wausau Ave, South Holland, IL 60473	2	TBD	

Thanks,
Naomi

Hi Anthony,

As you know, RLG has been assigned Cook County as one of our counties we will be working with for e-waste collection in 2024 as part of CERA. We're happy to be working with Cook County again and I just need you to confirm or provide the below details that were on your opt-in form. At this point I will gladly take any event dates you can provide, but they are not necessary. I just need to know how many events there will be. Please note that based on Cook's population, the suggested number of sites are 10. For documentation purposes only, **can you please respond to this email confirming that the number of sites and events below meet your collection needs, and that the number of 2024 sites and events below is correct?**

In the past, I have communicated directly with the event operators to obtain details – please let me know if that is preferred this year. I have cc:ed them on this email to include them in the conversation.

Collection site or event address	# events	Event date (s)	Notes
Event site 1: (Village of Elmwood Park) 7330 Fullerton Ave, Elmwood Park, IL 60707	1	TBD	
Event site 2: (Village of South Holland) 16226 Wausau Ave, South Holland, IL 60473	2	TBD	
Collection site 1: (E-Tech Trading) 10915 Franklin Avenue #H, Franklin Park, IL 60131	N/A	N/A	

Thanks so much and we look forward to working with Cook County again.

Best,

Naomi

On behalf of the Stark County Board, as the designated manager of the proposed collection site/program for Stark County, Illinois, we request the following coverage under the Consumer Electronics Recycling Act for program year 2024:

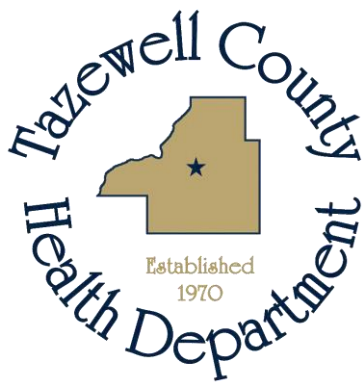

- Curbside Electronics Collections facilitated by Eagle Enterprises Recycling, Inc., instead of one permanent collection site.

Stark County understands that this request may deviate from the minimum convenience requirements under CERA, and with this request acknowledge those deviations and recognize the collection site coverage listed above as our requested coverage for 2024.

Sincerely,

Adam R. Jaquet
Vice President
Eagle Enterprises Recycling, Inc.
Collection Site Program Manager on behalf of Stark County, IL

Stephenson County, Illinois requests that we receive the following collection coverage plans for the Illinois CERA Program for 2024. We will be conducting two (2) collection events instead of the required four. We understand that this request may deviate from the minimum convenience requirements under CERA and with this request acknowledge those deviations and recognize the collection site coverage listed above as our requested coverage for 2024.

Tazewell

6/19/2023

County – Tazewell County

- **Plan** – Dynamic Lifecycle Innovations
- Required Minimum Number of Sites Per CERA – 1 permanent site or four one-day events.
- **Site/Event Name** – Tazewell County Health Department
- **Street** – 2200 E Washington St
- **City** – East Peoria
- **Zip** - 61611
- **Collector** – BLH
- **Recycler** – Dynamic Lifecycle Innovations

Tazewell County, Illinois requests that we receive the following collection coverage plans for the Illinois CERA Program for 2024. We will be conducting 1 collection event instead of the required four. We understand that this request may deviate from the minimum convenience requirements under CERA and with this request acknowledge those deviations and recognize the collection site coverage listed above as our requested coverage for 2024.

Please feel free to contact me at (309) 929-0241 if you have any questions.

Sincerely,
Tazewell County Health Department

Good morning, Patrick,

Sorry for the delay in response to your email. Yesterday, I was finally able to get in touch with the chair of our solid waste committee. We had storms come through our area on the weekend of the 30th that did quite a bit of damage. Things have been a little chaotic in the county. To answer your question, we do have four events tentatively planned for the 2024 year. You said in your initial email that the MRM Letter of Understanding does not need to be signed. At this time, is there any documentation you are waiting on from us?

Sorry again for the delay,
Jamilyn

Importance: High

Hello Jamilyn,

As you may be aware, under CERA, MRM was assigned to provide e-waste services to Washington County in 2024. We wanted to introduce ourselves and ask if you have any questions.

We are aware that you were assigned a different service provider in 2023.

From your opt in form, it looks like you have four events tentatively schedule for 2024. Can you please confirm? MRM will be responsible for transportation, packaging, and the recycling of covered electronics received at the events. The county will be responsible for the collection event.

Attached is a draft letter of understanding, we don't need to have this signed unless you would prefer to. Some counties want us to sign, others prefer not to sign. Regardless, the LOU is a document related to the role of MRM and the role of the county under CERA. If you are familiar with CERA the document will be fairly bland.

We will follow up with you closer to 2024 to ensure that events are scheduled and we have all the logistics.

Patrick

Subject: Illinois Electronics Recycling Program Group Plan 2024 - MRM
Importance: High

Dear Illinois Local Government Representative:

Thank you for submitting a 2024 Opt-In Form for the Illinois electronics recycling program under the Consumer Electronics Recycling Act (CERA). [The Electronics Recycling Representative Organization \(ERRO\)](#) is submitting an e-waste program through a manufacturer clearinghouse on behalf of all Illinois registered manufacturers for 2024. The National Center for Electronics Recycling (NCER) administers the Illinois Manufacturer Clearinghouse and plan submission for ERRO.

The Clearinghouse divides the responsibility for meeting the minimum collection requirements for Opt-In Counties among all registered manufacturers. The allocation of counties is based on the relative size of the manufacturers according to their market share and the relative share of their product types in the recycling stream. As in past years, all manufacturers have chosen to be assigned Opt-In Counties in groups administered by a Group Plan. For 2024, five Group Plans registered with the Clearinghouse on behalf of varying numbers of manufacturers. Group Plans are companies, such as recyclers or management companies, who have agreements with manufacturers to select and work with transporters and recyclers to carry out manufacturer obligations under CERA. In some cases the Group Plan is the same as the recycler, and in other cases the transporter and recycler are separate from the Group Plan administrator.

We are contacting you today to let you know which Group Plan your County/local government unit has been assigned for 2024. Below is the name of the Group Plan administrator and primary contact who will be in touch with you. The Group Plan contact will review the information provided on your Opt-In form and work on details of the collection sites and/or events that will be offered in 2024. **The Group Plan assigned to your County in 2024 is:**

MRM	Patrick Santelli Patrick.santelli@mrmrecycling.com
-----	--------------------------------------------------------------------------------------------------------------

We will need your assistance to work on those details with the Group Plan if possible **before June 29th**. The Group Plans have been asked to report their assigned Counties' details by that date so the Clearinghouse can submit the plan to Illinois EPA by July 1st. Sites and events can be altered in the future if your circumstances change.

Here are a few details to keep in mind when discussing 2024 collection sites/events:

- If your local government unit and the Group Plan agree to utilize collection events, or if the number of collection sites proposed is fewer than the number required under CERA, the Group Plan will need something in writing from you (email suffices) stating that this is acceptable. This even applies if your opt-in form requested only events or fewer than the minimum number of sites.
- All of the details on collection events, such as the exact location and date, do not need to be finalized at this point. However, the Group Plan contact will need to submit the number of events in the county as well as the city or cities in which they will take place in 2024.
- In some cases the Group Plan assigned to your County/local government unit will change from 2023 to 2024. The Clearinghouse attempted to minimize these changes and follow preferences submitted on Opt-In forms and from the Group Plans. However, some changes were needed to balance differences in manufacturer obligations from this year to next and changes in manufacturer group plan selections. If there is a change, please work with the Group Plans on a transition plan after finalizing the 2024 collection sites/events details.

The ERRO Clearinghouse appreciates your participation in this program and looks forward to working with you to continue the successful electronics recycling programs in Illinois in 2024. Please contact us or your assigned Group Plan should you have any questions.

Thanks,

Jason Linnell
