ERRO Clearinghouse  
Attn: Jason Linnell  
161 Studio Lane  
Vienna, West Virginia 26105

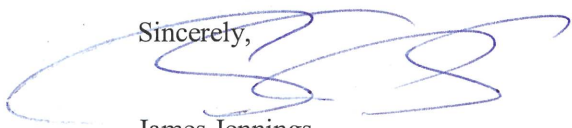

Re: **2020 Illinois EPA Electronic Waste Program Plan Review**

Dear Mr. Linnell,

This letter is to inform you that the Illinois EPA has received the manufacturer e-waste program plan for program year 2020 ("the program plan") submitted on behalf of the Electronics Recycling Representative Organization ("ERRO") Clearinghouse in accordance with the Illinois Consumer Electronics Recycling Act ("CERA"). The Illinois EPA reviewed the program plan and determined that it does satisfy the convenience standard set forth in Section 1-15 of CERA. Consequently, the program plan is **approved**.

Please contact the Illinois EPA Electronic Waste Coordinator, Jessica Miller at [Jessica.H.Miller@illinois.gov](mailto:Jessica.H.Miller@illinois.gov) if you have any questions.

Sincerely,

James Jennings  
Manager, Waste Reduction and Compliance Section  
Bureau of Land  
Illinois EPA

**Electronics Recycling Representative Organization**

**Manufacturer Clearinghouse**

10. Exhibit C: Email Confirmations of Deviations from Standard Program Collection Site Distribution

1. Point of Contact Information

The point of contact for the Electronics Recycling Representative Organization (“ERRO”) Manufacturer Clearinghouse is:

Jason Linnell  
 Executive Director  
 National Center for Electronics Recycling  
 161 Studio Lane  
 Vienna, WV 26105  
 Office: 304-699-1008  
 Cell: 304-374-8144  
[jlinnell@electronicsrecycling.org](mailto:jlinnell@electronicsrecycling.org)

2. Identity of Opt-In Counties

As in 2018, Illinois EPA and ERRO revised and distributed a form in early 2019 to eligible Illinois counties and municipalities to opt-in to the manufacturer program under CERA for 2020. As a result of this process, 54 units of government submitted elections to participate in the program. Below is a listing of the counties and other units of government who filed opt-in forms. The ERRO Manufacturer Clearinghouse continued operation and development of a plan for 2020, updating and using the Rules (Exhibit A) developed in 2018 for how manufacturers would divide the responsibility for providing programs to those opt-in counties. Manufacturers had the option to participate through a “group plan” if their obligation percentage was over 1%. All manufacturers decided to have their recycling responsibilities fulfilled through one of seven group plans. ERRO assigned registered group plans to each county/municipality as noted below. Plans submitted collection sites or events to cover the minimum required under CERA or make other arrangements with the County/municipality. The attached Exhibit B notes which sites/events were selected that either meets/exceeds the minimum number required or notes deviations with County agreements.

County	ERRO -Assigned Group Plan	Required Minimum Number of Sites per CERA

<b>Municipality</b>	<b>ERRO -Assigned Manufacturer/Group</b>	<b>Required Minimum Number of Sites per CERA</b>
City of Chicago	MRM	10

Note: the following counties initially submitted opt-in forms, and later opted out of the manufacturer program: Adams, Bureau, Carroll, Fayette, Gallatin, and Jo Daviess.

### 3. Locations of Each Site/Event in Each Opt-In County

The ERRO Administrator has assigned each of the above counties and municipalities to one of seven registered group plans working directly with a recycler or recyclers, or who are recyclers themselves. Prior to this assignment, the groups and manufacturers were asked to identify existing relationships and express preferences for which counties/collectors they would like to work with in 2020, including those they currently work with in 2019. The ERRO Administrator attempted to honor these existing relationships and preferences – including those noted on the County opt-in forms - in the assignments while balancing each collective group’s obligation percentage described in Section 6 below. In most cases, the group plan assigned for 2020 is the same as 2019. However, due to changes in the individual manufacturer obligation percentages and the addition of one group plan, this was not possible in all cases. The list of each collection site/event for each opt-in county is included in the attached Exhibit B. For several counties, the actual date and location of collection events has yet to be determined, but the city and number of events agreed to by its assigned group plan/manufacturer is noted wherever possible.

### 4. Recyclers to Be Used

The list of recyclers to be used by all manufacturers and group plans in the Clearinghouse is included in Exhibit B along with the collection locations. In some cases, multiple recyclers are noted. In all cases, group plans and manufacturers under the Clearinghouse understand that recyclers must be registered and meet the requirements under CERA.

### 5. Deviation from the Standard Program Collection Site Distribution

Several counties proposed deviations from the collection site distribution requirements in their proposed list of sites/events. Many of these involve substituting four collection events for one permanent site. Deviations are noted in the final column and the Clearinghouse has provided email confirmations from the counties documenting these deviations.

### 6. Allocation Methodology Certification

ERRO has used the allocation methodology Sec. 1-84.5 to develop the adjusted total proportional responsibility for each manufacturer registered in 2020. To do so, the ERRO Administrator received data on collection return volumes in 2018 as reported to EPA from collectors and manufacturers, and used initial data from the first quarter 2019 as reported by the group plans. The final return share by category used in proportional responsibility calculations is shown below.

<b>IL CERA CED Category</b>	<b>Return Share Percentage 2020</b>
Computers and Small Scale Servers	9%

Monitors	6.5%
Printers/Fax/Scanners	14%
TVs	54%
DVD, DVRs, VCR	9%
Video Game Consoles	0.5%
Digital Converters, cable and satellite boxes	2%
Keyboards, mice, portable music players	5%

After setting the return share by category, the ERRO compiled data from EPA-provided manufacturer registration forms to set market share percentages by weight for each category. The adjusted total proportional responsibility was the product of the manufacturer's product category sales weight percentage and the corresponding 2019 return share percentage.

Example:

Manufacturer A – 5% sales by weight in TVs, 10% sales in Monitors

5% TVs \* 54% = 2.7%

10% Monitors \* 6.5% = 0.65%

Manufacturer A Responsibility: 2.7% + 0.65% = **3.35%**

After setting the manufacturer responsibility percentages, the ERRO Administrator requested manufacturers or their designated group plans provide preferences on existing county/municipal sites as well as data on retail and other private collection efforts. Using data from the Opt-In Forms, Q1 2019 data, and historic data, the ERRO Administrator developed a county by county (or municipality) estimate of pounds to be collected in 2020 and matched the manufacturers or their groups to the counties by relative estimated volume. As described in the attached Rules document [Exhibit A], manufacturers and their groups are able to offset the number of counties/municipalities assigned to by reporting retailer, curbside and other qualified private collection efforts. Any sites used for meeting county minimums are not included in the private programs.

#### 7. List of Manufacturers Intending to Comply through Clearinghouse

The following list of 91 manufacturers have signed Manufacturer Participation Agreements with the ERRO and joined a Group Plan to comply with CERA through the ERRO Clearinghouse.

1. 3M
2. Acer
3. Aleph Objects
4. Amazon
5. American Future Tech dba iBuypower
6. Anker Innovations Limited
7. Apple, Inc.
8. Asus Computer
9. Atyme Corporation Inc
10. Bang & Olufsen

11. BenQ
12. Best Buy
13. Brother
14. C&A Marketing
15. Canon U.S.A., Inc.
16. Corsair
17. Craig Electronics – Newtech Electronic Industries
18. Curtis International
19. Cyberpower
20. Dell Inc.
21. Digital Products International, Inc
22. DirecTV/AT&T
23. Element TV
24. Elitelux Technologies
25. Envision Peripherals
26. Epson America, Inc.
27. Equus
28. Fujitsu America, Inc.
29. Funai Corporation, Inc.
30. Google LLC
31. Haier America Trading, L.L.C.
32. Hisense USA Corp
33. Hitachi America, Ltd.
34. HP Inc.
35. Huawei
36. Intel Corporation
37. JVCKenwood USA
38. Kensington Computer Products Group
39. Kidz Delight
40. Konica Minolta Business Solutions
41. LB Technology/iModesty
42. Lenovo (United States) Inc.
43. Lexmark
44. LG Electronics USA Inc
45. Logitech
46. Mattel, Inc.
47. Micro Center/ IPSP/Micro Electronics, Inc.
48. Microsoft Corporation
49. Motorola Mobility LLC
50. MSI Computer Corp
51. NEC Display
52. Nintendo of America
53. Barnes and Noble/Nook Digital
54. NVIDIA

55. Oki Data Americas, Inc.
56. Onkyo USA
57. Panasonic
58. Patazon
59. Planar Systems, Inc.
60. Plustek Technology
61. Polaroid (PLR IP Holdings, LLC)
62. Razer
63. Ricoh
64. Robert Bosch Tool Corporation
65. Samsung
66. Sceptre, Inc
67. Seiki Corporation
68. Seura, Inc.
69. Shaghal Ltd/Xovision
70. SiriusXM Radio, Inc
71. Sony Electronics Inc
72. Staples
73. Stratasys
74. Summer Infant
75. Sunbrite TV
76. TCT
77. TMAX
78. Tongfang Global, Inc.
79. Toshiba America
80. Transcosmos America, Inc.
81. TTE Technology, Inc. dba TCL North America
82. VenturerElectronics Inc
83. ViewSonic
84. Visioneer, Inc.
85. VIZIO, Inc.
86. Voxx international Corp.
87. Vtech Electronics North America LLC
88. Wacom Technology Corporation
89. Xerox Corporation
90. Yamaha Corporation of America

Five additional manufacturers registered with Illinois EPA for 2020, but reported zero sales of covered devices and therefore have no obligations through the Clearinghouse:

1. Cellco Partnership (Verizon)
2. Elo Touch Solutions, Inc.
3. Kodak Alaris
4. Kyocera
5. Netgear

Five manufacturers have also submitted 2020 registration forms, but not yet paid IEPA registration fees, completed ERRO participation agreements and/or joined a Group Plan. Their status is pending for the ERRO Clearinghouse until those items are completed:

1. Axvue
2. Axess
3. Premio Inc.
4. Supersonic
5. Skyworth

Good morning Phil,

RLGA has been assigned by the IL Clearinghouse to provide e-waste services to Calhoun County again next year. We need to provide confirmation to the Clearinghouse by 6/24/19 that what you cited in your 2020 Opt-in form still accurately reflects your plans for next year. Could you please send an email confirming this? I look forward to working with you again next year. Thank you!

Re: Champaign County Confirmation of Deviation from CERA Allotment for  
IEPA Program Year 2020

Please consider this memorandum as confirmation that Champaign County is requesting to opt-in to a total of two Residential Electronics Collection events for the IEPA Program Year 2020 under the CERA Manufacturer Ewaste Program, instead of four such allotted events for Champaign County under CERA. The two planned one-day Residential Electronics Collection events to be held in Champaign County during 2020 are large-scale in size and two of these events are all that our current staff resources allow for.

Hi Casey and Mandi,

Coles County, Illinois requests that we receive the following collection coverage plans for the Illinois CERA Program for 2020. We will be conducting two e-recycling events in Mattoon, Illinois instead of the required four. We understand that this request may deviate from the minimum convenience requirements under CERA and, with this request, acknowledge those deviations and recognize the collection site coverage listed above as our requested coverage for 2020.

Hello Andriana,

Thank you for the call yesterday! I am happy to be working with you again next year. Oh, and I did get the letter from Jason Linnell yesterday afternoon.

Yes, I confirm that the sites and events listed on the submitted Opt-in form are accurate.

I will take this opportunity to also let you know that the two alternate locations for the October 2019 and November 2019 events are confirmed and locked in, as follows:

- **Oct 12**
  - **Location:** Illinois Mathematics and Science Academy, 1500 Sullivan Road, Aurora, IL 60506
  - **Hours:** 8am-12noon
- **Nov 9**
  - **Location:** Anderson Park, 5N180 Brown Road, Campton Hills, IL 60175
  - **Hours:** 8am-12noon

Thank you so much,

Chuck – can you please respond with the below deviation statement if you agree with it?

Livingston County, Illinois requests that we receive the following collection coverage plans for the Illinois CERA Program for 2020. We will be conducting two e-cycling events (one in Pontiac and one in Fairbury) instead of the required four. We understand that this request may deviate from the minimum convenience requirements under CERA and with this request acknowledge those deviations and recognize the collection site coverage listed above as our requested coverage for 2020.

Hi Amy,

RLGA has been assigned by the IL Clearinghouse to provide e-waste services to Logan County again next year. We need to provide confirmation to the Clearinghouse by 6/24/19 that what you cited in your 2020 Opt-in form (2 events at the fairgrounds) still accurately reflects your plans for next year. Could you please send an email confirming this? I look forward to working with you again next year. Thank you!

Best Regards,

Andriana

Hi Andriana,

Our opt-in form from last year still accurately reflects our 2020 plans.

I do have a question regarding this year's events. I've been asked to put out an RFP for the recycler at our remaining two events. Is that alright to do at this point in time, or do we need to stick with the information previously provided? I've read through all my CERA documentation, but didn't see anything that specifically addresses that.

Also I am still working on getting some information from Alton regarding the location of our third event, which is still scheduled for September 14, 2019.

Our fourth event is as follows:

Granite City, IL on Saturday, November 9, 2019  
Nameoki Township Highway Department  
4250 IL 162  
Granite City, IL 62040

I will provide the Alton info ASAP. Unfortunately they've been contending with historic flooding in their area, so it's been difficult to get info from their public works department.

Thanks,

**Subject:** Illinois Electronics Recycling Program 2020

Dear Illinois Local Government Representative:

Thank you for submitting a 2020 Opt-In Form for the Illinois electronics recycling program under the Consumer Electronics Recycling Act (CERA). As in 2019, the Electronics Recycling Representative Organization (ERRO) is submitting an e-waste program through a manufacturer clearinghouse on behalf of all Illinois registered manufacturers for 2020. The National Center for Electronics Recycling (NCER) administers the Illinois Manufacturer Clearinghouse and plan submission for ERRO.

The Clearinghouse divides the responsibility for meeting the minimum collection requirements for Opt-In Counties among all registered manufacturers. The allocation of counties is based on the relative size of the manufacturers according to their market share and the relative share of their product types in the recycling stream. As with 2019, all manufacturers have chosen to be assigned Opt-In Counties in groups administered by a Group Plan. For 2020, seven Group Plans were registered with the Clearinghouse on behalf of varying numbers of manufacturers. Group Plans are companies, such as recyclers or management companies, who have agreements with manufacturers to select and work with transporters and recyclers to carry out manufacturer obligations under CERA. In some cases the Group Plan is the same as the recycler, and in other cases the transporter and recycler are separate from the Group Plan administrator.

We are contacting you today to let you know which Group Plan your County/local government unit has been assigned for 2020. Below is the name of the Group Plan administrator and primary contact who will be in touch with you. The Group Plan contact will review the information provided on your Opt-In form and work on details of the collection sites and/or events that will be offered in 2020. **The Group Plan assigned to**

Good Afternoon Mandi!

Per our previous information exchanges, please note that this is our first year conducting an electronics recycling event.

As such, please note that the Moultrie County Health Department (MCHD), on behalf of Moultrie County, Illinois, requests that we receive the following collection coverage plans for the Illinois CERA Program for 2020. The MCHD will be conducting one e-cycling event in Sullivan, Illinois, instead of the required four. We understand that this request may deviate from the minimum convenience requirements under CERA and with this request acknowledge those deviations and recognize the collection site coverage listed above as our requested coverage for 2020.

Please also note that if it is available, the MCHD would consider hosting two collections in FY2020, pending further discussion with Dynamic Lifestyle Innovations.

If you need additional information and I am unavailable, please contact my Administrative Assistant, Nicole Newman, at the email above, or by phone at 217-728-4114.

Thank you!

 Subject: RE: SWANCC email confirmation needed for 2020 Plan  
 Date: Monday, August 12, 2019 10:58:20 AM

SWANCC

Saheem/Donna/Jason

I am in receipt of the request for additional information regarding SWANCC's 2020 opt in program request for Illinois E-waste recycling program. As you are aware, SWANCC submitted a opt-in application that listed four permanent sites (3 Providence Way, 1700 W Central Road, 1900 Hassell Road, 1390 Willow Road) along with 15 one day e-waste collection events.

This correspondence is to confirm that SWANCC understands that our area of County of Cook is to have 5 permanent collection sites, and we are substituting one of the permanent sites for the 15 one-day collection events. You will notice on the one-day collection listing that there is a change in date for the Skokie event. I have highlighted that date in **red**. I hope that works for you. In addition, we are still working on a couple of locations as well as fine tuning a date for Lincolnwood but will get those worked out.

One item that I want to share, is that we are seeing weights drop at our one day events. And if that continues we may desire to adjust those events (drop one or two them off the list) but we will not know that information until early in 2020 as we monitor the weights for 2020. SWANCC desires to make sure that these one-day events are efficient and successful for both the residents and the e-waste clearing house.

Let me know if you need anything else from SWANCC.

Dave Van Vooren  
 Ex. Director SWANCC

 Subject: SWANCC email confirmation needed for 2020 Plan

Steve, Donna,

IL EPA has reviewed the Clearinghouse 2020 Plan and asked for a few follow-up items in order to approve it. One involves SWANCC's sites. Under the law, there are supposed to be 5 permanent sites in the SWANCC region. For 2020 we currently have 4 permanent sites and 15 events as below that DNA will be supporting. We just need an email confirmation from SWANCC to either of you saying that they want 15 events to replace the 5<sup>th</sup> permanent site they have allotted under the law. Let me know if you have questions.

2020 Assigned Plan	Required Minimum Number of Sites per CERA	Site/Event Name	If Event, Date of Event	Street	City	Zip	Collector	Operator, if different	Recycler

Tazewell County requests that we receive the following collection coverage for the Illinois CERA Program for 2020. Tazewell will have two collection events: 1<sup>st</sup> Event: Tazewell County Health Department, 21306 Illinois Route 9, Tremont, IL 61568, 2<sup>nd</sup> Event: Senator Dave Koehler/Area Recycling, 14379 IL-29, Pekin, IL 61554.

We understand that this request may deviate from the minimum convenience requirements under CERA and, with this request, acknowledge those deviations and recognize the collection site coverage listed above as our requested coverage for 2020.

**Subject:** RE: 2020 e-waste plans - confirmation needed by 6/24

Andriana,

Good to hear that we will be working together again in 2020 !

Our plan at the time of application was to hold two collection events at Danville Area Community College, and two collection events at the City of Danville's Public Works Building. Event costs, and the availability of the City of Danville property (recent employee turnover has hit the Public Works Department hard), may restrict the number of events we hold in 2020 ... but we hope to hold the four events in our application.

Doug

Hi Doug,

RLGA has been assigned by the IL Clearinghouse to provide e-waste services to Vermilion County again next year. We need to provide confirmation to the Clearinghouse by 6/24/19 that what you cited in your 2020 Opt-in form still accurately reflects your plans for next year. You cited 2 events at the College address and 2 at the City of Danville address. Could you please send an email confirming this? I look forward to working with you again next year. Thank you!

Best Regards,

Andriana

All services rendered by Dynamic Lifecycle Innovations in the processing of material, are to be considered "Non-NAID Certified" unless specifically agreed upon. If you would like to discuss our capabilities in performing "NAID Certified" services in conjunction with the proper recycling/re-marketing of your electronic devices, please feel free to contact the Dynamic Lifecycle Innovations sales staff. One of the main benefits of requesting NAID Certified services, is the guarantee that all data bearing devices are to be recorded by date and serial number, as well as the provision of documentation representing this information, which is to be provided within 30 days of the material's receipt. Our standard "Non-NAID Certified" services still maintain industry leading data security standards (Dept. of Defense & NIST).

Washington County, Illinois requests that we receive the following collection coverage plans for the Illinois CERA Program for 2020. We will be conducting four (4) collection events instead of the required one (1) permanent site. We understand that this request may deviate from the minimum convenience requirements under CERA and with this request acknowledge those deviations and recognize the collection site coverage listed above as our requested coverage for 2020.

We plan on doing the exact same program and locations as we submitted to you last year. Seven sites total for collections. All materials will be brought back to the main site at 1150 N. North Branch. From there they will be bared and packed and shipped to the recycler. Let me know if you need anything further. Sorry for the last response. Terry

Hi Terry,

Similar to last year, ILEPA requires an email from you stating that you are ok with the seven collection sites you listed in the opt-in form. Seven sites is a deviation from CERA which allows Chicago 10 sites. Any deviation from the law, according to ILEPA requires an email from you stating that you are ok with the deviation from the allowable number of sites.

Can you draft us a one sentence email that we can include with our plan that we are submitting this afternoon.

Thank you.

Patrick

 Subject: 2020 e-waste

Hi Terry,

Thank you for submitting a 2020 Opt-In form for the Illinois e-waste recycling program under the Consumer Electronics Recycling Act (CERA). You recently received an email from Jason Linnell at the Illinois Manufacturer Clearinghouse identifying MRM as the Group Plan assigned to your county for 2020. The email is attached for your reference.

The Clearinghouse has requested that the Group Plan submit to the Clearinghouse by June 26<sup>th</sup> the list of collection sites and events which have been agreed upon for 2020 by both MRM and the County.

Below are the collection details you submitted in the opt-in form. MRM agrees to the collection opportunities you have listed on your opt-in form. If you have any changes, please let us know below.

Collection details listed here

Assigned 2020	Estimated Amount	Collection Opportunities Requested	Sites Allowed under CERA	Contact	Email	phone	Weight	Preferred Collector	Permanent Location	Event Location	Event Date	Collection Opportunity Location	Town	Zip	County
City of Chicago	360000	7 Permanent sites	10	Terry Sheahan	<a href="mailto:Terry.Sheahan@CityofChicago.org">Terry.Sheahan@CityofChicago.org</a>	312 745 3133	360,000	SSI	1150 North Branch			1150 North Brand	Chicago	60642	Cook
City of Chicago				Terry Sheahan	<a href="mailto:Terry.Sheahan@CityofChicago.org">Terry.Sheahan@CityofChicago.org</a>	312 745 3133		SSI	6441 N Ravenswood Ave	6441 N Ravenswood Ave	Chicago	60626	Cook		
City of Chicago				Terry Sheahan	<a href="mailto:Terry.Sheahan@CityofChicago.org">Terry.Sheahan@CityofChicago.org</a>	314 745 3133		SSI	4808 W Wilson Ave	4808 W Wilson Ave	Chicago	60630	Cook		
City of Chicago				Terry Sheahan	<a href="mailto:Terry.Sheahan@CityofChicago.org">Terry.Sheahan@CityofChicago.org</a>	315 745 3133		SSI	4619 W Homer St	4619 W Homer St	Chicago	60639	Cook		
City of Chicago				Terry Sheahan	<a href="mailto:Terry.Sheahan@CityofChicago.org">Terry.Sheahan@CityofChicago.org</a>	316 745 3133		SSI	3800 S Iron St	3800 S Iron St	Chicago	60609	Cook		
City of Chicago				Terry Sheahan	<a href="mailto:Terry.Sheahan@CityofChicago.org">Terry.Sheahan@CityofChicago.org</a>	317 745 3133		SSI	2300 W 52nd St	2300 52nd St	Chicago	60609	Cook		
City of Chicago				Terry Sheahan	<a href="mailto:Terry.Sheahan@CityofChicago.org">Terry.Sheahan@CityofChicago.org</a>	318 745 3133		SSI	900 E 103rd St	900 E 103rd St	Chicago	60628	Cook		

If the County and MRM agree to a number of collection opportunities less than the number allocated under CERA, the Group Plan will need something in writing from the County (email if acceptable) stating that this is acceptable. Please include it a written response in this email. Cook is allocated 10 sites. All there are only seven sites, please confirm that this is acceptable.

Please note, that under CERA manufacturers are responsible for the packaging, transportation and recycling services. MRM will work through our contracted recycler to work with the collector operating the County collection site. Attached is the MRM Letter of Understanding (LOU) which outlines each groups responsibilities and roles. If there are still outstanding questions regarding who is responsible for different components, please feel free to let us know.

We look forward to a successful 2020!

Patrick

Hey Andriana,

We spoke internally about the list of sites and implemented some modifications (see below). You'll notice that, in comparison to the 2020 Opt-In form, the list below contains removed and new sites. The reason the 2020 Opt-In list was modified is because we were not successful in selecting a contracted collector for 2020 programs sites. As a result, some sites we thought were possible (through contracting a collector) were no longer feasible. Since we do not have a contracted collector we will need to re-evaluate how we will collect at the listed locations. Please note the list below is subject to change (most likely by removing sites).

- Leyden Township (permanent site)
- Franklin Park (permanent site)
- Alsip (permanent site)
- Orland Township (permanent site)
- Northlake (permanent site)
- Skokie Courthouse (permanent site)
- Maywood Courthouse (permanent site)
- Bridgeview Courthouse (permanent site)
- Markham Courthouse (permanent site)
- Elmwood Park (one day)
- Schaumburg (one day)
- Streamwood (one day)

Thank you for your cooperation and feel free to contact me with any questions you may have.

Thank you,
