EXECUTIVE SUMMARY

Inmar Rx Solutions, Inc (“Inmar”) was approved to operate a Drug Take-Back Program (“Program”) on September 26, 2023 pursuant to the Drug Take-Back Act, 410 ILCS 720. The approved Drug Take-Back Program Plan (“Plan”) requires that Inmar submit an Annual Report detailing the implementation of the Drug Take-Back Program during the previous calendar year. This Annual Report is for the period between January 1, 2025 and December 31, 2025 (“reporting period”). All capitalized terminologies used herein are the same as those used in Inmar’s approved Plan dated July 1, 2023 and written in the Drug Take-Back Act, 410 ILCS 720/10.

The following information contained within this Annual Report mirrors the requirements outlined in Drug Take-Back Act, 410 ILCS 720/50.

PARTICIPATING MANUFACTURERS

410 ILCS 720/50(A)(1) - A list of the covered manufacturers participating in the drug take-back program during the program year

A list of participating Covered Manufacturers can be found in Appendix A.

COVERED DRUGS COLLECTION

410 ILCS 720/50(A)(2) - The total amount, by weight, of covered drugs collected and the amount, by weight, from each collection method used during the program year, reported by county

Throughout the reporting period, Inmar collected Unwanted Covered Drugs by means of Authorized Collectors (Collection Receptacles), Mail-Back Distribution Sites, and Mail-Back Services. These services, including Standard Mail-Back Envelopes and Inhaler Mail-Back Envelopes, were available upon request via the Program’s website or toll-free phone number. Although a Mailer may be ordered through the Program’s website, toll -free phone number, or taken from a Mail-Back Distribution Site, it does not guarantee the envelope will be returned by the Consumer. Mailers returned by consumers that were ordered through the Program’s website and toll-free phone number accounted for 62.84 lbs of returned Mailer weight. The below table represents the total weight collected in pounds by each of these mentioned Collection Methods. The total weight of Covered Drugs collected by county is available in Appendix B.

Total Unwanted Covered Drugs Collected in the Reporting Period by Collection Method

Collection Method	# of Liners \ Envelopes	Reporting Period 1/1/2025 - 12/31/2025 (pounds collected)
Collection Receptacle Liners	2,849	81,276.95
Mailers	1,046	459.03
Collection Events	-	-
Total Weight Collected (2024)	3,895	81,735.98

COLLECTION SYSTEM

410 ILCS 720/50(A)(3) - The total amount, by weight, of covered drugs collected from each collection site during the prior year

410 ILCS 720/50(A)(4) - the following details regarding the program's collection system:

(A) a list of collection sites, with addresses;

(B) collection sites where mailers to program collection sites, for dissemination to consumers, and education and outreach materials were made available to the public;

(C) dates and locations of collection events held; and

(D) the transporters and disposal facility or facilities used to dispose of the covered drugs collected

I. Authorized Collection Sites

Appendix C lists each of Inmar's Authorized Collection Sites that maintained a Collection Receptacle in the state of Illinois with the total weight of Unwanted Covered Drugs collected for each site. During the reporting period, Inmar had 483 Authorized Collectors participating in the operations of a Collection Receptacle and collected a total of 81,276.95. There were 10 closures during the reporting period, but Inmar supplemented these closures by securing 19 additional Authorized Collectors.

II. Mail-Back Distribution Sites

Appendix D lists each of Inmar's Mail-Back Distribution Sites. During the reporting period, Inmar had 123 Mail-Back Distribution Sites participating across the state of Illinois and collected a total of 396.19 pounds of Unwanted Covered Drugs. Inmar distributed 5,590 Standard Mail-Back Envelopes to participating Mail-Back Distribution Sites during the reporting period. There were 2 closures during the reporting period, but Inmar supplemented these closures by securing 10 additional Mail-Back Distribution Sites during the reporting period.

Inmar transitioned its mail-back services to a new vendor, American RX Group, LLC (ARXG), effective August 1, 2025, with no interruption in service.

III. Collection Events

Inmar did not host any collection events in 2025.

IV. Transporters and Disposal Facilities

Transporters and Disposal Facilities utilized during the reporting period are listed below.

Company Name	Contact Information	Registration Information	Type
123 Compliant Logistics, LLC 2626 N 29th Ave Phoenix, AZ 85009	Operations Manager 602-612-4140	DEA Reverse Distributor-Collector: R90571364	Reverse Distributor – All Unwanted Covered Drugs
City of Spokane WTW & Recycling Disposal Site 2900 S. Geiger Blvd Spokane, WA, 99224	Operations Manager 509-625-6514	EPA ID: WAR000000463 Title V Permit #: AOP-3	Municipal Waste Combustor
Reworld Solutions LLC, (Previously Covanta Environmental Solutions, LLC) 2515 S. Holt Road, Ste 200 Indianapolis, IN 46241	Operations Manager 317-719-6397	DEA Reverse Distributor RC0561628 USPS-040A19 EPA ID No: IND984882365	Reverse Distributor - All Unwanted Covered Drugs

Reworld Indianapolis 2320 South Harding Street Indianapolis IN 46221	Operations Manager 317-378-8723	EPA ID: IND984882365 Title V Permit #: T097-40864-00123	Municipal Waste Combustor / Waste to Energy
Ross Ross Incineration Services 36790 Giles Road Grafton, OH 4044	Operations Manager 440-748-5800	EPA ID: OHD048415665 Title V Permit #: OH0000000247050278	Waste Incinerator
McKay Bay Refuse-to-Energy Facility 107 N 34th Street Tampa, FL 33605	Operations Manager 813-248-1457	EPA ID: 110012446763	Municipal Waste Combustor / Waste to Energy
USPS	Account Manager 919-501-9394	N/A	Common Carrier – All Mailers
FedEx	Account Manager 800-469-9993	N/A	Common Carrier – Collection Receptacle Liner Containers

PUBLIC EDUCATION AND OUTREACH

410 ILCS 720/50(A)(5) - A description of the promotion, education, and public outreach activities implemented

I. Printed Materials & Signage

In accordance with 410 ILCS 720/45, Inmar provided easily accessible educational materials on the Program website and to participating Authorized Collectors and Mail-Back Distribution Sites so they can provide these materials to residents. All materials leveraged explanatory graphics to aid in comprehension, and will be easily understandable by interested parties with varying levels of English proficiency.

The materials promote proper management of drugs, discourage Consumers from disposing of drugs in household waste, sewers, or septic systems, and inform Consumers about the risks of Covered Drugs as it pertains to drug abuse and accidental poisoning. The materials provide options on how to participate in the safe disposal of Covered Drugs and other Program advocacy.

Inmar developed consumer-facing signage in the form of magnets and stickers that are placed on the Collection Receptacles at Authorized Collection Sites that outlines what can be accepted in the Collection Receptacle and clear graphical instructions for proper use.

Please see Appendix E for example materials.

II. Media Communication Methods

A. Programmatic Media

Programmatic Media provides targeted display ads on browser sites on internet capable devices (smart phones, computers, tablets, etc.). Inmar ran ads across a prequalified list of over 200,000 domains including a variety of retail websites, Google, and Facebook. The programmatic targeted ads ran for six weeks leading up to the DEA's National Prescription Take Back Days in April and October of 2025. Impression metrics are reported directly from the individual websites that the ads are placed on and are reported on a per campaign basis. The two programmatic campaigns garnered a total of 750,554 impressions. Examples of the

Programmatic ads are in Appendix E, Figure(s) 8.

B. Influencer and Social Media Marketing

Influencer marketing is a content creation tactic used to drive awareness and education to a targeted audience through blogs and social media outlets. Influencers create authentic content around their everyday lives and interests while weaving the story of prescription drug take-back into their content. Influencer content is converted into paid ad units across social platforms and then targeted to community members across the state of Illinois.

Paid advertisements for influencer content were run on a variety of platforms including Google, Instagram, and Facebook and drove towards a specified impression goal. Inmar ran several social media influencer campaigns concurrently with other traditional and digital media campaigns. Inmar posted two social media posts per month per platform (Instagram, Twitter, and Facebook) for a total of 72 posts.

Influencer campaigns were deployed quarterly starting in January 2025 and ending in December 2025, totaling 1,771,892 impressions. A sample image for social media and influencer marketing can be found in Appendix E, Figure 9. The dates and results of each media communication campaign are listed in Appendix E, Table 1.

C. Program Website & Toll-Free Phone Number

To comply with 410 ILCS 720/45, Inmar continues to coordinate with other Approved Operators to operate a single, joint website with a neutrally branded landing page (www.medtakebackillinois.org) and phone number (844- 482-5322). The Approved Operators selected a third-party vendor to develop and host the single website that provided residents with an interactive map displaying all Operators' Collection Sites and Mail-Back Distribution Sites. Updates to the website are ongoing as new locations are acquired. Residents were able to navigate from the joint website landing page to each Operator's independent website. Inmar's independent website (www.safemedicinedrop.com) provided an opportunity for residents to request Standard Mail-back Envelopes and Inhaler Mail-back Envelopes, along with access to educational material. Potential Authorized Collectors interested in participating in the Program and participating Authorized Collectors in need of resources were able to request more information and support through the Operators' independent website.

Approved Operators coordinated to operate a toll-free call center for Consumers to call to learn more about the Program and drug disposal best practices. Consumers were able to request information about the nearest disposal site or request a prepaid Mailer be sent to their residence.

Appendix F includes examples of the Program Website.

Package Recycling

410 ILCS 720/50(A)(5) - A description of how collected packaging was recycled to the extent feasible

Recycling of Collected Packaging to the Extent Feasible

While DEA regulations prohibit handling or opening of collected Inner Liners and Mailers after deposit into a Collection Receptacle per 21 CFR 1317.75(c), Inmar promotes pre-disposal separation of drug packaging by consumers to facilitate recycling where feasible.

To support environmentally responsible disposal, educational materials, available on the Program Website and at Collection

Sites, advise consumers to remove medications from their packaging where appropriate and recycle the packaging through their local recycling programs.

Inmar periodically reviews opportunities for recycling collection receptacle components and transport materials to determine feasibility. While DEA and DOT regulations restrict post-collection processing, Inmar evaluates whether any materials, such as outer packaging of mailers, could be diverted from waste streams in compliance with federal regulations.

Disposal Methods & Environmental Considerations

All collected Unwanted Covered Drugs are incinerated at licensed disposal facilities. Some disposal facilities utilize waste-to-energy incineration, which allows for energy recovery from the disposal process. A list of disposal facilities and their respective disposal methods is included under Collection Systems section IV.

All Service Providers involved in collection services, transportation, or disposal will comply with The Drug Take-Back Act, The Controlled Substances Act, 21 USC SS 801-971 and 21 CFR SS 1317; United States Department of Transportation Hazardous Materials Regulation, 49 CFR parts 100-185; Board of Pharmacy, and all applicable state and federal law.

Program Effectiveness and Evaluation

410 ILCS 720/50(A)(5) - An evaluation of the program's effectiveness in collecting covered drugs during the program year and of any program changes that have been implemented

During the reporting period, the Inmar Drug Take-Back Program successfully operated in compliance with all elements outlined in Inmar's approved Plan and as required by 410 ILCS 720.

Convenience Standard Compliance:

Inmar met the Convenience Standard set forth in 410 ILCS 720/25(j) during the reporting period by ensuring the required number of Collection Sites per county through Authorized Collectors and Mail-Back Distribution Sites.

- Inmar established the required number of Authorized Collection Sites in 98 counties per the Convenience Standard set forth in 410 ILCS 720/25(j).
- In the 4 counties where sufficient Authorized Collectors were unavailable, Mail-Back Distribution Sites were implemented to supplement collection access including Cook, Grundy, Jasper, and Logan Counties.
- Inmar expanded the program's collection infrastructure during the reporting year by establishing 8 additional Authorized Collection Sites and 10 additional Mail-Back Distribution Sites. Compliance was maintained despite site closures by securing additional Authorized Collectors and Mail-Back Distribution Sites to offset any location losses and ensure continued service coverage.

Coordination with Other Operators & Public Access:

- Inmar continued to collaborate with other Approved Operators to launch and maintain a single, joint website (www.medtakebackillinois.org) and a dedicated toll-free number (844-482-5322) for residents to easily access information on disposal options.
- This centralized system streamlined consumer engagement and provided access to statewide collection services, enhancing program effectiveness.

Collection Performance & Outreach Impact:

- Program data indicated an average collection weight of 168.3 lbs per location, a 12.2% increase from the previous year, demonstrating strong and growing utilization of the Authorized Collection Sites.
- Utilization of the mail-back program increased substantially during the reporting period. Returned mailers increased from 522 mailers totaling 208.72 lbs in the previous reporting period to 1,046 mailers totaling 459.03 lbs in the current reporting period, a 119.9% increase in total weight collected.
- Ongoing evaluations of educational and training materials will ensure continued clarity, accessibility, and efficiency for both consumers and participating locations.

- A public awareness survey conducted during the reporting period found that 55% of residents were aware of the program, and approximately 48% reported using a disposal option through the drug take-back program. Building on these findings, Inmar will continue to enhance awareness and increase participation through targeted marketing campaigns and refined outreach efforts informed by resident feedback.

Compliance with Safety, Privacy & Security Regulations:

- All policies and procedures for collecting, transporting, and disposing of Unwanted Drugs, as outlined in the approved Plan, were followed without incident.
- All contracted service providers and Authorized Collectors maintained compliance with:
 - HIPAA & Protected Healthcare Information (PHI) regulations for consumer privacy protection.
 - DEA & DOT requirements for secure drug collection, transportation, and disposal.
- There were no reported safety or security concerns during the reporting period.

WHY IS SAFE DRUG DISPOSAL IMPORTANT FOR PUBLIC HEALTH?

Proper disposal of unused drugs saves lives and protects the environment.

- Unused or expired prescription medications can lead to accidental poisoning, overdose, and abuse.
- Unused prescription drugs thrown in the trash can be retrieved and abused or illegally sold.
- Unused drugs that are flushed contaminate the water supply.

PROTECT YOUR FAMILIES,
COMMUNITIES, AND THE ENVIRONMENT

SAFELY DISPOSE OF UNUSED MEDICINES

BEFORE DISPOSAL CHECK THE PACKAGE

If there are specific instructions for disposal on the label, package or package insert, please follow those instructions.

DISPOSAL OPTIONS

CONVENIENT KIOSK DROP OFF LOCATIONS
To find drug disposal kiosk drop-off sites in your area, visit medtakebackillinois.org.

MAIL-BACK ENVELOPES
Mail-Back Services for Unwanted Medicines. Visit the Mail-Back section of medtakebackillinois.org to order a Mail-Back Package.

TAKE-BACK EVENTS
Local Take-Back events offer residents a free and convenient way to dispose of expired or Unwanted Medicines. Visit the Take-Back Events section of the DEA site at takebackday.dea.gov for information on events in your area.

For more information about the program, go to medtakebackillinois.org or call (844) 482-5322

American Security Environmental Return System

In sealing this envelope, you are attesting to have read and followed the subsequent instructions and confirm that this package does not contain any unauthorized or unaccepted material.

Thank you for choosing the American Security Environmental Return System to safely dispose of your unneeded medications in an environmentally friendly way. Disposing prescription and over-the-counter medications responsibly is a great way to better your community and protect the Earth.

Instructions:

1. Place unused, legally possessed, medication into the provided envelope (if liquid, only dispose up to 3.38 fl. oz in tightly sealed original container placed into a sealed plastic bag with the enclosed absorbent pad). Remove any personal identifiable information if desired.
2. Seal the envelope carefully to ensure secure transport. Do not fill over the "Do not overfill" wording.
3. Mail sealed envelope at a U.S. Post Office, or a USPS drop box.

Please Note:

- This envelope may only be mailed within the customs territory of the United States (the 50 states, District of Columbia, and Puerto Rico).
- This envelope is only intended for disposal of over-the-counter and Schedule II-V medications.
- Only official American Security Environmental Return System envelopes will be accepted for destruction.
- You must be legally entitled to possess the medication (if prescription medication, the prescription holder or lawful descendant) to dispose of it.
- This envelope is not for disposal of Schedule I controlled substances, 'sharps' (syringes, needles, etc.), medical waste, trash, batteries, aerosol spray cans, flammable and/or radioactive materials.
- Ultimate users (the people the medication is prescribed to), or their legal descendants may dispose of controlled substances.
- Do not bring this envelope to a pharmacy.

MAIL-BACK PACKAGE IS FOR

UNWANTED OR EXPIRED MEDICATIONS

ACCEPTED

Medications in any dosage form, except those listed below, in their original container or sealed bag.*

*If transferring medications to a sealed bag, please be sure to recycle all remaining packaging.

NOT ACCEPTED

Herbal remedies, vitamins, supplements, cosmetics, other personal care products, inhalers, medical devices, batteries, mercury-containing thermometers, sharps, pet medication, and illicit drugs.

To protect your privacy, consumers are reminded to remove all personally identifiable information on prescription labels or materials before using any of the disposal options listed above.

To order another medication mail-in take back envelope, please visit www.safemedicatedrop.com and enter your zip code.

Figure(s) 6 - Sample Standard Mail-Back Envelope Insert

MAIL-BACK PACKAGE IS FOR INHALERS

ACCEPTED

Inhalers

NOT ACCEPTED

Unwanted medicines that are not inhalers, herbal remedies, vitamins, supplements, cosmetics, other personal care products, medical devices, batteries, mercury-containing thermometers, sharps, and illicit drugs.

Note: Only place undamaged inhalers in their original containers in the Inhaler Mail-Back Package. Inhaler Mail-Back Packages can only be used for inhalers and cannot accept other types of items.

To protect your privacy, consumers are reminded to remove all personally identifiable information on prescription labels or materials before using any of the disposal options listed above.

INHALER MAIL-IN TAKE BACK INSTRUCTIONS

Track your product online:
www.americanrxgroup.com/tracking

1. Place the first empty inhaler into the bottom of the provided bubble wrap pouch.
2. Fold over the bottom half of the bag to surround the first empty inhaler.
3. Add the second empty inhaler into the folded pouch.
4. Roll up the remainder of the pouch and seal it with the adhesive.

5. Repeat the process, fitting up to (2) sealed bags with a maximum of (4) inhalers into the provided white return envelope.
6. Once complete, place this instruction card into the envelope.
7. Seal the return envelope by applying the adhesive.
8. With the pre-paid shipping label affixed, simply drop it in your mailbox or at the local post office.

To order another Inhaler mail-in take back envelope, please visit www.safemedicatedrop.com and enter your zip code.
