Nonpoint Source Pollution: Watershed-Based Plan and Watershed-Based Plan Implementation

**ILLINOIS EPA
MARCH 2024
JEFF EDSTROM
TEAM LEADER, NPS UNIT**

Section 319 Grant Program

Applications due by May 1, 2024, Noon

2

Section 319	
Location	Statewide/Priority Watersheds Watershed-Based Planning Areas
State Allocation	\$4.5 Million
Grant Range	\$20,000 - \$1.2 Million
Maximum Grant	\$1.5 Million
Minimum Match	40 %
Project Length	Normally 24 Months
Eligible Projects Per USEPA (2013)	Watershed-Based Planning (WBP) or WBP Implementation (TMDLs Too!)
Practices	NPS Pollution Control BMPs *

Eligible Costs

Administration & Planning

Design & Engineering

Construction/Planting

Construction Oversight

Education/Outreach

Monitoring

* Excludes BMPs Required by State or Federal Law

NOFO #1: Watershed-Based Planning

3

- Develop or update a watershed-based plan;
- Proposed projects may include one or more of the following project components:
 - Technical assistance for NPS pollution control;
 - Environmental and/or social indicator monitoring to help document the need for NPS pollution control;
 - Education and/or outreach to promote activities that help control NPS pollution.
 - ✦ Watershed-based planning committee and stakeholder meetings are considered part of the planning process – NOT education and outreach
 - ✦ Education and Outreach is making groups and individuals more aware of watersheds and watershed planning.
 - Found at:
<https://il.amplifund.com/Public/Opportunities/Details/171Feb19-a759-4a8a-b5e4-83a8baf19e56>

NOFO #2: Implementation Activities

4

- Implementation of NPS components of an Illinois EPA-approved watershed-based plan
- Implementation of NPS components of an U.S. EPA-approved Total Maximum Daily Load Implementation Plan
- Non-watershed-based plan NPS pollution control projects
 - Best Management Practice Implementation
 - NPS Education, Information and/or Outreach Programs
 - NPS Technical Assistance (planning and/or implementation)
 - Monitoring (requires an Illinois EPA approved QAPP submitted by application deadline)

- Found at:

<https://il.amplifund.com/Public/Opportunities/Details/a534d9c3-6efc-4e82-89ed-c25ba294454a>

Project Eligibility Section: Saves Work!

5

- These questions help you determine if you're filling out the application appropriate for your proposed project

The Illinois Environmental Protection Agency (Illinois EPA) is authorized to require this information under 415 ILCS 5/4(k). Disclosure of this information is required. Failure to do so may prevent this form from being processed and could result in your application being denied.

If you have any questions regarding this application, please contact Jeff Edstrom at jeffrey.edstrom@illinois.gov or 217.782.3362.

Please answer the following questions related to determine project eligibility.

Which of the following does the proposal primarily address:

- A. Watershed-Based Plan or TMDL Implementation Plan development
- B. Nonpoint Source Pollution Best Management Practice implementation
- C. Information/Education/Outreach
- D. Monitoring
- E. Any combination of options B, C, and/or D

STOP! If your proposal is limited to watershed-based planning, your application is NOT eligible for this Watershed-Based Activities Implementation Notice of Funding Opportunity (NOFO) and cannot be advanced for funding.

You may be eligible for the current [Watershed-Based Planning NOFO](#). Contact Christine Davis at christine.davis@illinois.gov or 217.782.3362 if you have any questions about eligibility.

More information on nonpoint source pollution is found at:

<https://www2.illinois.gov/epa/topics/water-quality/watershed-management/nonpoint-sources/Pages/what-is-nonpoint-source-pollution.aspx>

Additional information is available in: "Urban BMPs - Supplemental Guidance for Funding"

<https://www2.illinois.gov/epa/topics/water-quality/watershed-management/nonpoint-sources/Documents/Urban-BMPs-Supplemental-Guidance.pdf>

Is any part of the proposed project being implemented as part of a mitigation effort as required by Illinois state law or federal law? *

Yes

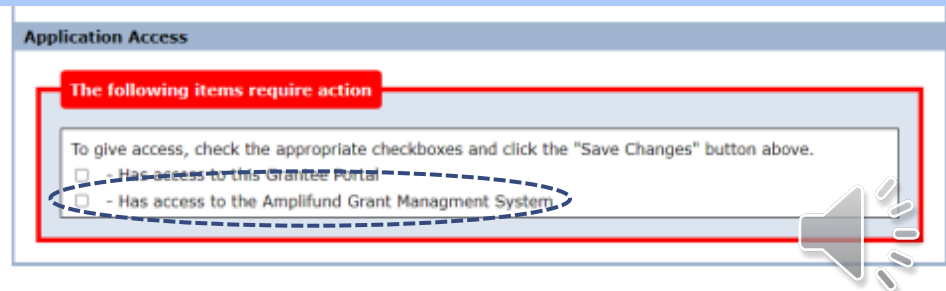

Working on the application

6

- Individuals must be granted access to the AmpliFund portion of a GATA account before they can assist in developing an application
- More than one person can work on the application
- Individuals can work on more than one application
- If you are assisting multiple organizations, please make sure that you are accessing the correct GATA account BEFORE starting an application
- More information is found at:

<https://gata.illinois.gov/content/dam/soi/en/web/gata/documents/grantee-links/grantee-portal-faq/HowToRestrictAccessToGranteePortalOrAmplifund.pdf>

The screenshot shows a web form titled "Application Access". At the top, a red banner reads "The following items require action". Below this, a grey box contains the instruction: "To give access, check the appropriate checkboxes and click the 'Save Changes' button above." There are two checkboxes listed: the first is "- Has access to this Grantee Portal" and the second is "- Has access to the Amplifund Grant Management System". A blue dashed oval highlights the second checkbox. A red rectangular border surrounds the entire form content area. A speaker icon is located in the bottom right corner of the screenshot.

Please Give Us Feedback!

7

- We welcome any and all comments on the application process
- What changes/improvements would you like to see for the applications themselves?
- Send all suggestions and comment to Jeff at jeffrey.edstrom@illinois.gov

Opportunity Information

CSFA Number 532-60-0378

CSFA Popular Name Section 319(h) Grant Program

Title Section 319(h) – NPS Pollution Control Financial Assistance Program - Watershed-Based Plan Implementation and Other Activities

Description The Illinois Environmental Protection Agency (Illinois EPA) is seeking proposals for nonpoint source (NPS) pollution control projects (Projects) to prevent, eliminate, or reduce water quality impairments to Illinois' surface and groundwater resources. The Illinois EPA receives federal funds from the United States Environmental Protection Agency (U.S. EPA) through Section 319(h) of the Clean Water Act (33 U.S.C. § 1329(h)) to help implement the Section 319(h) Nonpoint Source Pollution Control Financial Assistance Program (a.k.a. Section 319(h) Grant Program) (<https://www2.illinois.gov/epa/topics/water-quality/watershed-management/nonpoint-sources/Pages/section-319.aspx>). Specifically, to implement performance measures as outlined in Chapter 7 (Short and Medium-Term Objectives and Milestones) in the Illinois' Nonpoint Source Management Program (INPSMP) (Illinois EPA, 2013) (<https://www2.illinois.gov/epa/topics/water-quality/watershed-management/nonpoint-sources/Documents/NPS-Management-Program.pdf>).

NPS pollution is caused by rainfall or snowmelt moving over and through the ground. As the runoff moves, it picks up and carries away natural and human-made pollutants, finally depositing them into lakes, rivers, wetlands and even our underground sources of drinking water. It has been determined that over 60% of the (national) documented water pollution problem can be traced to nonpoint sources.

The Section 319(h) Grant Program prioritizes Projects addressing Illinois waters for which NPS pollution is a significant cause of water quality impairment. Assessment information for Illinois' waterbodies can be found in the most recent Integrated Water Quality Report and Section 303d List (<https://www2.illinois.gov/epa/topics/water-quality/watershed-management/tmdls/Pages/303d-list.aspx>).

Instructions	Watersheds	Waterbodies	Specific BMPs	BMP Summary	Scope of Work	Budget Summary
--------------	------------	-------------	---------------	-------------	---------------	----------------

319 Implementation Application Workbook Instructions

Applicant Name:

Project Name:

If you have any questions regarding this form, please contact Jeff Edstrom at jeffrey.edstrom@illinois.gov or 217.782.3362.

Getting Started

1- First enter the applicant and project names above. These will be automatically filled in the appropriate apces throughout the workbook. Then, complete the worksheets with information relevant to your project. You can navigate among the worksheets by clicking on the buttons at the top of each worksheet. Instructions are found below and at the top of each worksheet

2- **Watersheds**
Applicants must list specific watersheds related to the proposed project (up to 10) fill out the "Watersheds" worksheet
Identify the Hydrologic Unit Code(s) (HUC) where the project is located. Use the most appropriate size (8-, 10-, or 12-digit) HUC. If it is statewide, write "Statewide". Examples are below.

07130008	Lower Sangamon River
0713000802	Spring Creek
071300080203	Archer Creek-Spring Creek
Statewide	

3- **Waterbodies**

Use Integrated Report App Tool to Complete the Application

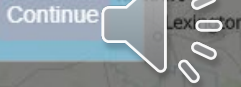

27

**Welcome to the
IEPA Combined 2020/2022 Integrated Report App**

Layers and labels are configured to display at certain magnifications.
Zooming in will display stream segments, lakes, and more detailed labels.

App Navigation Buttons

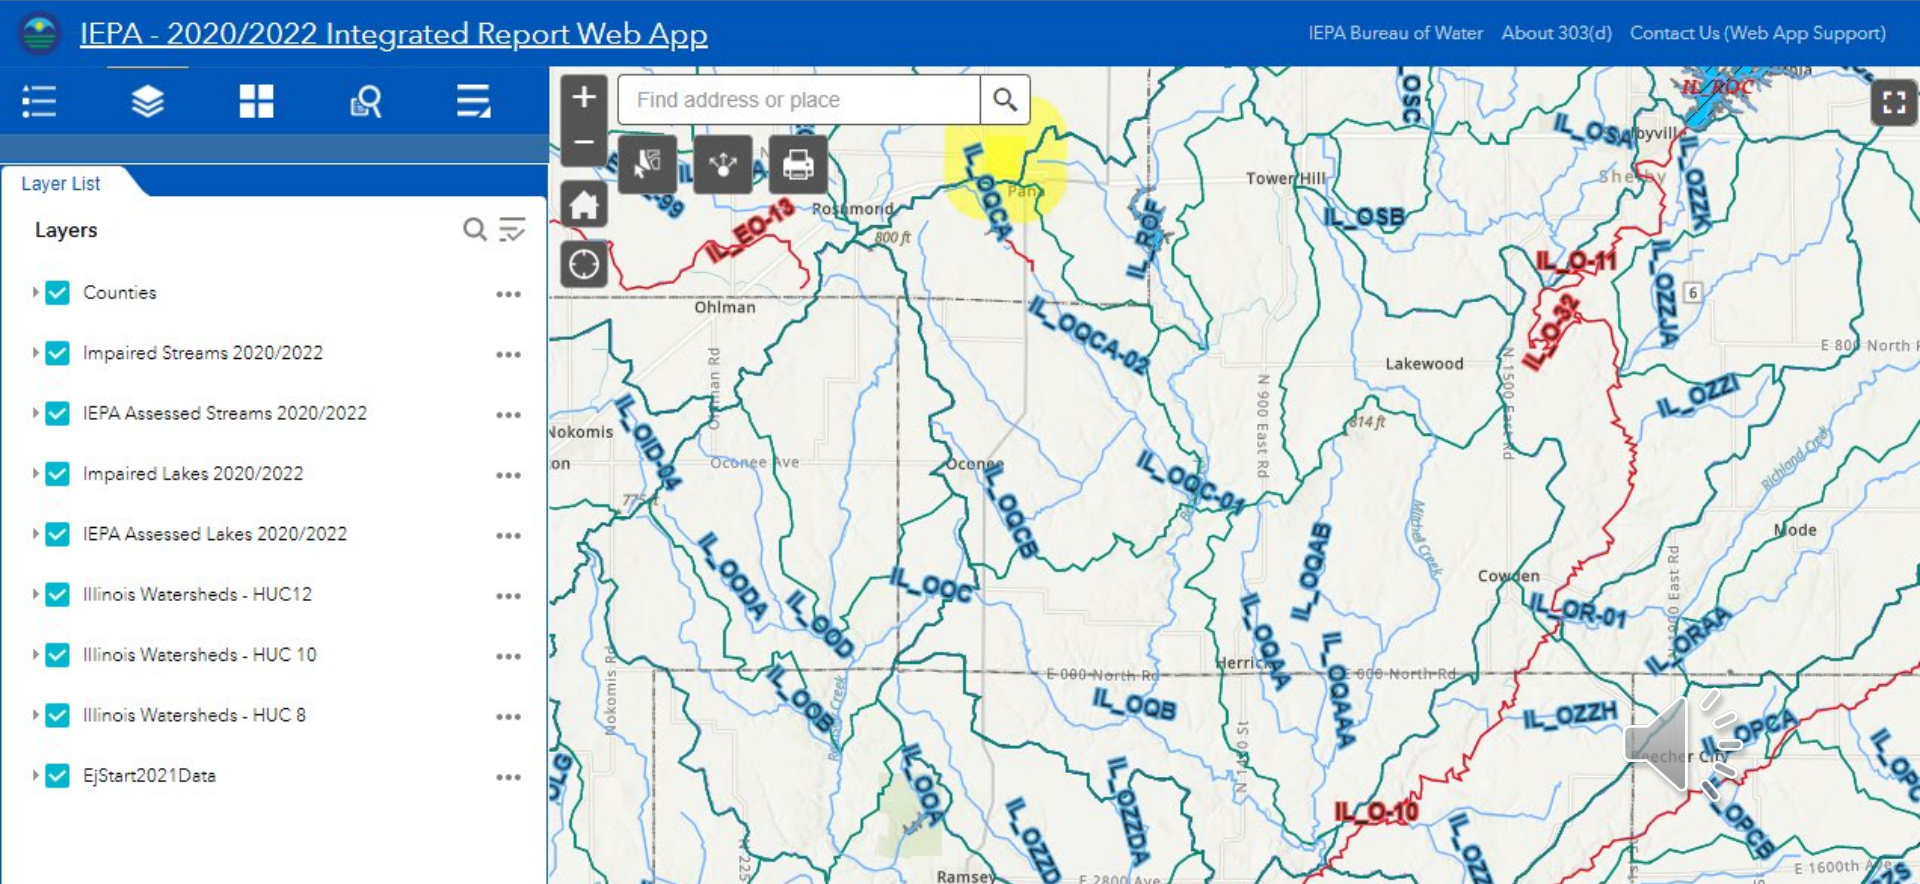

-  Magnification, use this (or your mouse wheel) to zoom in and out. Increasing magnification will show more detailed labels. Decreasing magnification will show more of the map but less detailed labels.
-  Select - Use this to click on a map feature and see details about it
-  Continue

The New USEPA Region 5 Pollutant Load Reduction Model

31

Region 5 Model for Estimating Pollutant Load Reductions

Note: In April 2022, EPA transitioned from the STEPL spreadsheet model to the online [The Pollutant Load Estimation Tool \(PLET\)](#). All supporting documentation and training materials for the Region 5 Model and STEPL are [here](#) during a temporary time of transition.

We encourage all users to explore PLET as a more efficient approach to your modeling needs. Please update your webpage bookmarks as this page will soon be retired.

Region 5 Model for Estimating Pollutant Load Reductions | US EPA

You can use either PLET online tool or the STEPL spreadsheet.

The Pollutant Load Estimation Tool (PLET) is replacing the Spreadsheet Tool for Estimating Pollutant Loads (STEPL). PLET uses the same underlying formulas as STEPL, but in a more user-friendly web interface. Both tools employ simple algorithms to calculate:

- nutrient and sediment loads from different land uses, and
- the load reductions that would result from the implementation of various best management practices (BMPs).

Illinois EPA Section 319 FY 2024 Notice of Funding Opportunities (NOFOs)

Nonpoint Source Pollution: Watershed-Based Plan and Watershed-Based Plan Implementation Part 5: Creating GATA Accounts and Application Help

ILLINOIS EPA
MARCH 2024
JEFF EDSTROM
TEAM LEADER, NPS UNIT

Illinois Office of Management and Budget Grant Accountability and Transparency Act (GATA).

41

Applicants must apply for a grant through the GATA portal!

If potential grantee is not already pre-qualified, start the process NOW!

<https://gata.illinois.gov/>

Five pre-award requirements

1. Authentication
2. Grantee Registration
3. Grantee Pre-qualification
4. Fiscal and Administrative Risk Assessment (ICQ)
5. Programmatic Risk Assessment

Creating a New GATA Account

42

- Before anyone can apply, they need an account for their organization in the GATA Portal.
- If you need to set up an account
 - Go to <https://grants.Illinois.gov/portal>
 - Click “Create Account”
 - Fill in your information and click “Register”
- Additional help on GATA access questions
 - <https://gata.illinois.gov/>
 - Email: OMB.GATA@illinois.gov

**Illinois Grant Accountability and Transparency Act
Welcome to the GATA Grantee Portal**

[Grantee Portal Sign In](#) [Amplifund Sign In](#) [Create Account](#) [Public Account Help](#) [Partner Account Help](#)

To access the Portal or Amplifund you must have an Illinois.gov account.
To create an account, click the Create Account button.
For Public domain account help, click the Public Account Help button.
For Partner domain account help, click the Partner Account Help button.

Partner account usernames end in "@external.illinois.gov" are most likely DHS CRV account users.
