Re: Drug Take-Back Act Program Plan Proposed Updates

Dear MED-Project,

Illinois EPA has completed its review of your requests to modify your previously approved plan with a program operator contact change and language added to exclude any manufacturers from your plan that have not met the registration and fee requirements of the Drug Takeback Act. The requests were submitted via electronic mail on November 1 and December 6, 2023, respectively. Illinois EPA has determined that both modifications are approved.

We are looking forward to updates regarding the program operation. Please feel free to contact me at 217-524-3299 or Allison.Fry@illinois.gov if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'AMKF'.
